Du Pont Land Deal Complete

The big Du Pont Corporation of Wilmington, Del., today became the owner of a 67.184 - acre tract in Union and Jefferson Townships, approximately four miles northwest of Washington C. H., on which the company plans to build a plant for the manufacture of automobile paint.

A deed conveying the triangle-shaped parcel of farm land—bordered by Route 35, the B & O Railroad and Bush Rd. — was filed just before noon Thursday at the Fayette County recorder's office.

Sellers were Mrs. Kathryn M. Fults, widow of Jacob Fults; her son, Charles M. Fults, and her daughter, Mrs. Kathryn Jane Campbell.

That portion of the tract which lies within Union Township (about 59 acres) was rezoned for industrial purposes by the township's board of trustees Tuesday. Jefferson Township has no zoning ordinance.

* * *

REPRESENTING Du Pont in today's transaction were Alan L. Skinner, of the corporation's legal department, and Ray R. Maddox and Charles S. Hire, of the legal firm of Maddox and Hire. Attorney Richard Rankin, in whose office the purchase was formalized, represented the sellers.

Tax stamps totaling $74.25 on the deed would indicate a purchase price of approximately $67,000.

A representative of Du Pont's public relations division in Wilmington, Del., told the Record-Herald in a telephone conversation Thursday noon that while the land purchase provides definite evidence of the company's plans to locate in Fayette County, no order for construction of a factory building has yet been issued.

Tom Mark, president of the Washington C. H. Chamber of Commerce, which has been maintaining contact with the Du Pont firm, was told during a visit to the corporation's home office three weeks ago, that construction probably will not get under way before spring—and possibly even later.

Preliminary announcements have indicated that the factory, which is expected to employ approximately 100 persons, will be a two-level brick structure covering much of the site.

Mark was told that Du Pont selected the Washington C. H. area because of its central location in the company's distribution area, its proximity to rail transportation, its topography, adequate water supply and because Du Pont representatives liked the community in general.

Cost of Living At Record High

Government Reports On September Figures

WASHINGTON (AP) — The government reported today that living costs in America rose three-tenths of 1 per cent in September to a record level.

The index of the Labor Department's Bureau of Statistics reached 117.1 per cent of the 1947-49 base period. This is about one-tenth of 1 per cent above the prior record of 117 in July, and compares with 116.8 for August.

Prices were higher in September for all major groups of consumer goods and services except food, which remained at the August level.

The bureau said the September living cost level was nearly 2 per cent higher than a year ago and 2.8 per cent higher than in January, 1953 at the start of President Eisenhower's administration.

The living cost rise means wage boosts ranging from one to three cents an hour for about 300,000 workers in a variety of industries, mainly in the electrical manufacturing industry, including General Electric Co. plants. Wage rates for these workers are geared in part to changes in the government living cost index.

* * *

NEW RECORD levels of earnings for union workers also were reported. The Bureau of Labor Statistics said take - home pay (earnings less tax deductions) reached a new peak in September.

The average take-home pay of a factory worker without dependents was $66.65 a week, and that of a worker with a wife and two children was $74.04. Each figure is about $1.10 higher than the rate in August and approximately $2.60 above a year ago.

September food prices, unchanged from the August level, were about 1.3 per cent higher than at the same time last year but 3 per cent below the 1952 peak.

Troy Woman Hurt, Friend Is Killed By Her Husband

TROY, Ohio (AP)—Police said a 29-year-old Troy man was shot to death and a woman critically wounded in a southside tavern early today. The woman's husband was held for questioning after officers said he admitted the shooting.

Police identified the dead victim as Doug Miller. They said he had been shot six times with a .22 caliber pistol.

In critical condition at Stouder Hospital was Mrs. Lucy Johnson, also of Troy. Doctors said she suffered a bullet wound in one lung.

Police said they were holding for investigation Mrs Johnson's husband, Dal, 27. They said Johnson walked into police headquarters shortly after the shooting and related that he saw his wife and Miller drinking together in the tavern. Police said Johnson told them he went home, picked up the pistol, returned to the tavern and started shooting.

8 Children Die As Train Hits Car

SIGOURNEY, Iowa (AP) — Eight children, all members of one family, were killed today when a train struck the car in which their mother was driving them to a rural grade school, the Keokuk County sheriff's office reported.

The mother, Mrs. Richard Hammes, was hospitalized. The children ranged in age from 1 year to 9 years and included two sets of twins. The car was hit by a Rock Island tri-weekly train at a country crossing not far from the Hammes farm home.

CHICAGO (AP) — Marty Marion today resigned as field manager of the Chicago White Sox because he felt the White Sox should have made a better 1956 showing. They finished third.

Eisenhower Believes H-Bomb Helps Give U. S. 'Strength'

WASHINGTON (AP) — President Eisenhower took his re-election campaign to New York today after saying the H-bomb helps give America "a position of strength" making any aggressor's attack "suicidal."

In Madison Square Garden tonight, Eisenhower will make a nationwide NBC radio-television address at 9 p. m. EST.

The White House indicated Eisenhower plans to hit out again at a proposal by Adlai E. Stevenson, Democratic presidential nominee, that the U. S. take the lead in seeking world agreement on banning hydrogen bomb tests.

Eisenhowers statement that U.S. possession of the H-bomb helps give it an essential "position of strength" in dealing with any potential enemy came late Wednesday as he replied to questions put to him by a group of women on a GOP-sponsored radio - TV program.

He also said anew that the military draft must be continued because the United States lives in "a world of tension." Stevenson has called for an end to the draft when that is consistent with national security.

Miss Beverly Barr, a young high school teacher from Rochester, N. Y., wanted to know "how long it will be necessary for us to have a draft."

Speaking from a Washington TV studio with Mrs. Eisenhower at his side, the President replied he "would be really using a crystal ball" if he tried to predict. He added he didn't think he would be justified in talking about termination of the draft "in terms of months or years."

The next question was from Mrs. Louis Martin, Negro mother of 12 children who lives on a farm near Salisbury, Md. She said she is "really worried" about the H-bomb, and added:

"I would like to know what is the future of our families in this atomic age."

Calling it a "very serious and important question," Eisenhower said "the world must find a peaceful solution" to the problem presented by the superbomb. "We can never have a hydrogen war, as I see it, and still have a civilization such as we now have."

Stevenson 'Good and Mad,' Heads West for Final Drive

NEW YORK (AP)—Adlai E. Stevenson, who says he is "good and mad," headed West today in a final stretch effort to beat President Eisenhower in the presidential race.

Stevenson told audiences in suburban Nassau and Westchester counties Wednesday night that he is "not at all sure" he and his running mate, Sen. Estes Kefauver of Tennessee, have been able to put over the Democratic message to the people.

"I have tried — and Sen. Estes Kefauver has tried — to present the great national issues," the Democratic presidential nominee said. "But the plain fact is that the Republicans are winding up a campaign of deceit unmatched in U. S. politics. And I don't mind telling you I am good and mad. Plenty of Americans are."

The crowd cheered.

Although he didn't put it directly into words, Stevenson obviously felt he was being frustrated in some respects in his efforts to interest the voters in his contention that the Republicans have come up with no ideas in four years and are trying to ride to victory on a "phony peace issue."

He told a howling crowd in the Democratic Bronx that "nothing has disgusted me more than this phony peace issue in the campaign." He demanded that Eisenhower call off the Republican exponents of this issue.

Stevenson reserved for the usually heavy Republican areas of Nassau and Westchester counties the sharpest barbs for Eisenhower and Vice Prsident Nixon.

Traveling 110 miles around New York City and its suburbs, he spoke to seven groups, ranging in size from about 75 state labor leaders to about 10,000 in the Bronx, in a grueling 12-hour grind. Impartial observers estimated he had 36,000 listeners, plus those who caught him on television.

Stevenson takes off today for Springfield, Ill., for a meeting with farm advisers and a major farm speech tonight. He will hedgehop to the Pacific Coast for speeches in the San Francisco and Los Angeles Saturday. He returns to the East for a major address in Boston next Monday night.

Council Gets Legal Opinion On Water Line Maintenance

City Council, in a 30-minute session Wednesday night, received an opinion prepared by City Colicitor William M. Junk relative to the Ohio Water Service Co.'s legal obligation in the matter of furnishing and maintaining consumer service lines and heard City Manager James F. Parkinson's report on the progress of the nearly completed hot - mix program.

The city solicitor prepared the opinion at Council's request in connection with a complaint registered with the legislative body two weeks ago.

* * *

THE FULL TEXT of the opinion follows:

"Upon Council's motion, I have been asked for an opinion as to certain questions raised in a written memorandum presented to Council by Angeline Osborne, 614 Columbus Ave.

"Paragraph 2 of the memorandum asks in substance the legal obligation of the Ohio Water Service Co. to furnish service lines from a water main to the consumer. I call the attention of Council to paragraph 9 of Section 3 of Ordinance No. 604, passed by Council on July 3, 1954, establishing conditions under which water service should be supplied to the City of Washington, which provides as follows: "All services and service connections shall be layed by an authorized plumber or by the company and paid for by the property owner, and shall be installed in accordance with the specifications of the company."

"Paragraph 1 of said memorandum asks what obligation is on the Ohio Water Service Co. to furnish material and-or labor to repair the line from the meter to the house of the consumer and-or the line from the meter to the main. The last sentence of the ninth paragraph of Section 3 of the above quoted ordinance provides that the company has the right to install a water meter in the service line of the consumer as follows: "The company may install meters on the premises of the property to be serviced or at the curb in its discretion and the consumer shall allow access to the meter for reading, maintenance and disconnecting it. The ordinance contains no provision, to the knowledge of the undersigned, in which the company assumes the obligation of maintenance of service lines installed by the consumer."

THE CITY manager told Council that as of 6 p. m. Wednesday the year's street resurfacing program was complete with these exceptions:

(1) One strip of asphaltic material on the east side of Main St. from Newberry St. to the bridge;

(2) The whole width of new Main St. pavement from the bridge to the Pennsylvania Railroad tracks;

(3) The finishing touches on a

Lausche Eyes Bender Backer

Union Chief Involved In Senator's Probe

CLEVELAND (AP)—With the help of a fellow Democrat, Gov. Frank J. Lausche last night expressed puzzlement over the Ohio Teamsters Council endorsement of George H. Bender, his opponent in the Senate race.

Without mentioning either man by name, Lausche questioned what he called a "close relationship" between Bender and William Presser, president of the Teamsters Council. It came about like this:

Lausche's fellow Democrat, former Sen. Thomas A. Burke, appeared on a television program last night and boosted Michael V. DiSalle for governor. During his speech, with Lausche sitting at his right, Eurke spoke of his own previous and losing contest with Bender in 1954.

"Two years ago," he said, "my opponent, Mr. Bender, came here just a week before the election with a congressional subcommittee and called a labor leader who refused to answer questions and took advantage of the Fifth Amendment. The committee was supposed to come back.

"Two years have gone by and he (Bender) hasn't come back. Now Mr. Bender and this labor leader are going around with their arms around each other."

* * *

PRESSER WAS one of the labor leaders questioned two years ago by a House subcommittee investigating alleged labor racketeering here. Bender headed the committee.

After Burke's statements last night, a reporter asked Lausche to comment on the teamsters' endorsement of Bender.

"The truth is," he replied, "that I was naturally surprised when the committee came to Cleveland just before the election. In my own mind, I knew it was a political operation.

"I recall that statements were made about unsolved bombings in Cleveland."

"Now in 1956," the governor continued, "there is such a close relationship between the investigator and the man investigated that I, too, am puzzled."

Wilmington Man Loses in Lawsuit

HAMILTON (AP)—A Butler County common pleas court jury awarded a $33,173.28 judgment in a damage suit Wednesday. It was one of the largest judgments ever awarded in this county.

The award was made in favor of Granville Rose of Middletown and against Benjamin Stokes of Wilmington, a state highway department engineer, as a result of injuries suffered by Rose in an automobile collision near Waynesville on Sept. 15, 1954.

Two other suits in which Rose's wife and their grandson are seeking a total of $61,500 still are pending.

Wire Staples Zing Around Policeman

OKLAHOMA CITY (AP) — Traffic officer W. L. Williams was minding his own business writing parking tickets for autos in front of an office building when—zing!—he was bombarded with a flurry of wire staples.

Furious, but unable to locate the source of the flying missiles, he called in another policeman to set a trap.

Setting himself up as a target again, Williams caught another barrage. But fellow officer R. L. Potter spotted two men flipping the staples from a window with rubber bands. The pair was arrested and fined $12 each.

Taxes Up Million

CLEVELAND (AP)—Collection of personal property taxes in Cuyahoga County rose $1,002,701 to $39,259,791 in 1956, county Treasurer Frank M. Brennan reports.

Hear Arguments In Action Based On School Audit

Hilty's Counsel Claims No Cause For Recovery Suit

Before a cause of action can be taken, there must be allegations of illegal expenditure or misappropriation, Richard Allison declared Thursday in oral argument in support of the demurrer of W. J. Hilty, County Superintendent of Schools, who is defendant in a $3,564 recovery action brought by Prosecutor John Bath on behalf of the Fayette County Board of Education in connection with a state examiner's report.

Addison, attorney for Hilty, contended there were no such allegations in the petition.

The arguments were heard in Common Pleas Court by Judge William Radcliff of Pickaway County, sitting by assignment, after Judge John P. Case of the Fayette County court had disqualified himself. Judge Radcliff made no immediate decision in the matter.

Addison said the examiner's report did not state any illegal payments had been made and that it said only that there were no receipts for certain expenditures. He contended that the vouchers serve as receipts.

"We can show statutory authority for every item (of expenditure) in the examiner's report," he declared.

* * *

CITING a reference in the report to expenditures for gasoline and oil, Addison said Hilty was granted a $600 a year allowance for this purpose by law and added "the law makes no mention of receipts." He pointed out that the expenditures (noted in the report as without receipts) — "do not add up to $600."

Although it was not referred to by either Prosecutor Bath or Addison, attorney for Hilty, during the arguments, an affidavit, signed by the five members of the county school board and accompanying the demurrer memorandum, stated that "with the possible exception of a $3 parking garage expense on April 25, 1953, each item of which complaint is made in the (prosecutor's) petition was paid by appropriate action of the board or its predecessors in office and is so reflected in the official minutes of this board."

Addison said that a previous report "for the same time, by the same auditor and on the same

Ohio Printer's Postal Forgery Spree Is Ended

COLUMBUS, Ind. (AP)—A former printer from Columbus, Ohio, who tried to cash money orders in too many bars told officers here he made $150,000 in seven months by altering postal money orders.

Prosecutor Charles R. Wells said Lawrence C. Wilson, 40, told him, "It's worth five years in prison to make $150,000."

He was held for forgery, larceny and obtaining money under false pretenses after his arrest in a bar Tuesday night. Wells said Wilson used a rubber stamp to blot out the original amounts on small money orders, then wrote in larger amounts.

The prosecutor said a woman who gave her name as Mrs. Frances Lynn Wilson, 25, Van Wert, Ohio, was arrested in a parked car and held on the same charges as Wilson. She said she and Wilson were married a month ago, but Wilson denied he had ever seen her.

Red Statue Gone

BERLIN (AP) — Communist East Germany today confirmed reports that East Berlin's Stalin statue is to be eased off the scene. A hotel will be built on the site.

Hungary To Seek Troop Withdrawal

Polish Chief Seeking New Independence

WARSAW, Poland (AP) — Wladyslaw Gomulka, Poland's new Communist party boss, worked today to erect a structure of independent Communism in the wake of a political revolt against Moscow domination.

Official broadcasts said Gomulka and the Politburo of the Polish Communist party had assumed "leadership of the working classes and the entire nation to overcome the mistakes and blunders of the past."

One broadcast said a program would be submitted to the party's Central Committee Sunday for improvement of economic conditions and the participation of youth in the government.

It promised to lift the "fetters of secrecy" from party affairs, and pledged a free election of party officials. A party resolution condemned anti-semitism.

Gomulka and other leading members of the Politburo plan to fly to Moscow soon to talk over differences that developed between Polish and Soviet Communist leaders last weekend.

* * *

GOMULKA MADE clear that the Poles could not expect any withdrawal of Soviet troops from their country in the farseeable future.

A crowd of 250,000 received in silence a statement on Soviet troops from Gomulka, who led Polish Communists in their revolt last week for "freedom."

Gomulka declared that the Soviet troops would remain as long as the North Atlantic Treaty Organization has bases in Western Germany.

He attacked anti-Soviet sentiment as displayed in demonstrations in several Polish cities earlier in the week, and asserted Communist authorities would tolerate no action against the state.

The crowd of 250,000 included factory and farm workers, office clerks, villagers and students who gathered in front of the 35-story Palace of Culture and Science, formerly known as Stalin Palace, to hear Gomulka.

The crowd cheered when he said "it depends on'y on us how long Soviet troops may remain here." But there was only stony silence when he added that government policy requires that the Russian troops stay as long as the West had military installations in West Germany.

The students, ignoring appeals to end demonstrations, paraded from the University of Warsaw crying "hokossovsky go home."

They were assailing Marshal Konstantin Rokossovsky, the Polish-born former Soviet marshal who remains as defense minister in the Polish government.

Gomulka stressed that Soviet-Polish friendship remained a firm policy of the government.

Salt Lake City Gets 5-Inch Snow

SALT LAKE CITY (AP)—A snowstorm blanketed most of the central and northern intermountain area Wednesday.

Temperatures ranged below freezing as winds churned the powdery snow into drifts.

Main highways remained open.

Five inches of snow was on the ground in Salt Lake City.

Minimum temperatures included 26 in Pocatello, 29 in west Yellowstone, Mont.; 29 in Boise, Idaho, and 30 in Salt Lake City.

7 Persons Die as Planes Collide, Fall

MIDLAND, Tex. (AP)—A flaming collision of an Air Force jet and a civilian plane exploded wreckage and bodies over a residential district Wednesday.

Seven bodies, including that of a baby girl, fell with the wreckage. The jet plummeted flaming into an empty home. The engine of the civilian plane crashed into the kitchen of another home.

"That small plane looked as if it were flying almost in the same direction as the jet," L. B. Martin, Dallas, Tex., truck driver said. "There was a loud explosion, then pieces of both planes and bodies were falling everywhere."

Killed were Winfred R. Clement, 27, his wife Elizabeth, 25, and their 13-month-old daughter Cathy, all of Bowie, Tex.; Mrs. Clement's parents, Roy E. Howard, 63, and Ethel Howard, 57, Vashti, Tex.; Lt. Howell D. Hale, 25, whose parents, Mr. and Mrs. Ernest D. Hale, live near Decatur, Ill. and Capt. Roy A. Roberts, 29, whose mother is Mrs. Malinda A. Roberts, living in Belleville, Ill.

The jet wreckage crashed into the home of Mr. and Mrs. R .A. Saunders, who weren't home at the time.

The engine of the civilian plane crashed into the kitchen of Mrs. Billy Crowe. Only minutes earlier she had taken her children—Janice, 1, and Debra, 3—into the living room.

Estes, Dick Plan Return To Ohio Scene

COLUMBUS (AP) — The two vice presidential candidates are becoming familiar figures in Ohio. They have campaigned here before and are coming again before Election Day.

Estes Kefauver, Democratic vice presidential candidate, will tour the state again Monday. From Lima meetings Monday, he will fly to Findlay and Mansfield and then to Columbus for a rally speech in the capital city at 6 p. m.

He will then fly to Canton for a Stark County rally at 8:30 p.m.

Republicans plan to send Vice President Nixon and Atty. Gen. Herbert Brownell into the Buckeye State.

Nixon plans to whistle - stop through the state Saturday, Nov. 3.

His itinerary includes stops at Marietta, Athens, Chillicothe, Galion, Mansfield and Canton.

The vice president is due in at Marietta at 9:30 a. m. He leaves there at 10:20 a. m. after a train-side speech and moves on to Athens for a speech at 11:45.

He will speak in Chillicothe at 1:30 p. m. and at Galion at 5 p.m.

From Galion, Nixon's train will move on to Mansfield for a speech shortly after 6 p. m. At Canton he will speak in Timken Memorial High School at 8:30 p. m. He leaves for Washington at 10:30 p. m.

Brownell will address a Republican rally in Dayton's Memorial Hall at 7:30 p. m., Nov. 1.

Presley Receives Notice on Draft

MEMPHIS, Tenn. (AP) — Rock 'n' roll singer Elvis Presley has received a draft questionnaire and thinks that his induction into the armed services is "real close," the Memphis Press-Scimitar says.

Premier Nagy Asks Rebels to Halt Rioting

VIENNA (AP)—Hungarian Premier Imre Nagy promised today he will negotiate with Moscow to withdraw its occupation troops if Hungarian rebels will end their anti-Soviet rioting.

Nagy appealed for the rebellious forces of students and workers to lay down their arms and help his new government. He promised that if they did so, the country would get a new deal.

"As soon as order is re-established those troops which were called by our government to help will be withdrawn," he said.

Apparently this ment that as soon as the revolution ended the Russian troops, tanks and jet plane pilots would be recalled to their bases. Then Nagy would take up negotiations with Moscow to have the four or five Soviet divisions in Hungary removed.

Broadcasters in Budapest claimed Soviet and Hungarian troops were slowly crushing the anti-Soviet rebellion, but fighting went on.

* * *

THERE WERE no late figures on casualties, but travelers from Hungary Wednesday night said hundreds had been reported killed in Budapest alone.

The ruling Communist party in contradictory broadcasts appealed for the people to return to work, and warned them to stay off the streets because of continued shooting. It announced the ouster of its first secretary in an evident effort to appease rebels who since Tuesday night had been staging a bloody uprising in the heart of the Hungarian capital.

Radio Budapest said Ernoe Geroe, who only this week returned from Belgrade where he had a "reconciliation" conference with Yugoslav President Tito, had been replaced as first secretary by Kanos Kadar, a former Titoist.

It was the second major shake-up in the Hungarian hierarchy in two days and the third in three months. Wednesday Imre Nagy, purged for Titoism in 1955, returned as premier, replacing Andras Hegedus. Geroe succeeded the loyal Stalinist, Matyas Rakosi, as party secretary only last July.

A curfew, in force through the night, was extended, but people were told in other broadcasts that they could go out in case of extreme necessity.

Earlier broadcasts said rebels, who had started their insurrection with cries of "Russkies go home," were still firing in scattered sections of the city, but predicted that the rebel forces would be liquidated.

There were indications Wednesday that the fighting which erupted in Budapest Tuesday had spread to the provinces.

AUSTRIAN travelers crossing the border from Hungary said Hungarians had told them fighting broke out in the cities of Debrecen, Szolnok and Szeged.

The revolt, which grew out of an orderly street demonstration, has mushroomed into the biggest armed uprising aginast Soviet domination and domestic Red leadership since the East Germans revolted in June 1953 and were quelled by Soviet tanks.

The returning Austrians said hundreds had died in Budapest alone as Soviet tanks, jet planes, machine guns and grenades were unleashed on rebel groups composed of students and workers.

An informed source in Warsaw said Budapest was an "occupied city" with Russian troops in control of the official radio and patrolling the streets.

Examiner Reports on 3 School Districts

State examiners' reports on audits of Jefferson, Paint and Bloomingburg local school districts, which were consolidated with Miami Trace District Dec. 31, 1955, have been filed with officials of the three districts and with Prosecuting Attorney John S. Bath as required by law.

The reports also contain commentaries on rechecks of previous audits and list certain expenditures as in violation of the state code or without proper authority.

The three reports are signed by State Examiner Robert W. Barnes and are approved by E. A. Keller, deputy inspector of the Bureau of Inspection and Supervision of Public Offices, a branch of the state auditor's office.

JEFFERSON DISTRICT

The report of the new audit, covering the period from Aug. 31, 1955, to Dec. 31, 1955, cites a $36.12 "overpayment" to a teacher who was granted a two - day leave while finishing his M. A. degree, with a notation that a board is without authority to pay teaching personnel while on such leave, and also calls attention to a $6.30 payment to an employe of the school district for lunchroom supplies with a citation to Section 2919 of the Revised Code of Ohio.

Other paragraphs of the Jefferson District report include the following items:

"A recheck of a previous audit (shows) a payment Nov. 5, 1953, of $53.50 for supplies to Sugar Creek Stone Quarry. E. F. Armbrust was a member of the Union Local School District Board and had a proprietary interest in the firm."

"In checking receipts of the previous audit, covering the period of Jan. 2, 1953, to Aug. 31, 1955, it is noted that surplus property purchased from the Office of Commodity Distribution (Department of Public Welfare of Ohio) was resold. The sales were made on the following dates as listed in the cash journal, (There follows a list of five transactions totaling $494.27).

"During the period covered by this examination surplus property was resold on Nov. 14, 1955, in the amount of $17. Surplus commodities and property purchased by a school district are to be used for school purposes only and not resold. Upon interview, Mr. (Alvin) Little, the clerk, in regards to these sales, stated that members of the board and himself had made these purchases. Records did not disclose the names of persons to whom these sales were made."

Du Pont Land Deal Complete

The big Du Pont Corporation of Wilmington, Del., today became the owner of a 67.184 - acre tract in Union and Jefferson Townships, approximately four miles northwest of Washington C. H., on which the company plans to build a plant for the manufacture of automobile paint.

A deed conveying the triangle-shaped parcel of farm land—bordered by Route 35, the B & O Railroad and Bush Rd. — was filed just before noon Thursday at the Fayette County recorder's office.

Sellers were Mrs. Kathryn M. Fults, widow of Jacob Fults; her son, Charles M. Fults, and her daughter, Mrs. Kathryn Jane Campbell.

That portion of the tract which lies within Union Township (about 59 acres) was rezoned for industrial purposes by the township's board of trustees Tuesday. Jefferson Township has no zoning ordinance.

* * *

REPRESENTING Du Pont in today's transaction were Alan L. Skinner, of the corporation's legal department, and Ray R. Maddox and Charles S. Hire, of the legal firm of Maddox and Hire. Attorney Richard Rankin, in whose office the purchase was formalized, represented the sellers.

Tax stamps totaling $74.25 on the deed would indicate a purchase price of approximately $67,000.

A representative of Du Pont's public relations division in Wilmington, Del., told the Record-Herald in a telephone conversation Thursday noon that while the land purchase provides definite evidence of the company's plans to locate in Fayette County, no order for construction of a factory building has yet been issued.

Tom Mark, president of the Washington C. H. Chamber of Commerce, which has been maintaining contact with the Du Pont firm, was told during a visit to the corporation's home office three weeks ago, that construction probably will not get under way before spring—and possibly even later.

Preliminary announcements have indicated that the factory, which is expected to employ approximately 100 persons, will be a two-level brick structure covering much of the site.

Mark was told that Du Pont selected the Washington C. H. area because of its central location in the company's distribution area, its proximity to rail transportation, its topography, adequate water supply and because Du Pont representatives liked the community in general.

Cost of Living At Record High

Government Reports On September Figures

WASHINGTON (AP) — The government reported today that living costs in America rose three-tenths of 1 per cent in September to a record level.

The index of the Labor Department's Bureau of Statistics reached 117.1 per cent of the 1947-49 base period. This is about one-tenth of 1 per cent above the prior record of 117 in July, and compares with 116.8 for August.

Prices were higher in September for all major groups of consumer goods and services except food, which remained at the August level.

The bureau said the September living cost level was nearly 2 per cent higher than a year ago and 2.8 per cent higher than in January, 1953 at the start of President Eisenhower's administration.

The living cost rise means wage boosts ranging from one to three cents an hour for about 300,000 workers in a variety of industries, mainly in the electrical manufacturing industry, including General Electric Co. plants. Wage rates for these workers are geared in part to changes in the government living cost index.

* * *

NEW RECORD levels of earnings for union workers also were reported. The Bureau of Labor Statistics said take - home pay (earnings less tax deductions) reached a new peak in September.

The average take-home pay of a factory worker without dependents was $66.65 a week, and that of a worker with a wife and two children was $74.04. Each figure is about $1.10 higher than the rate in August and approximately $2.60 above a year ago.

September food prices, unchanged from the August level, were about 1.3 per cent higher than at the same time last year but 3 per cent below the 1952 peak.

Troy Woman Hurt, Friend Is Killed By Her Husband

TROY, Ohio (AP)—Police said a 29-year-old Troy man was shot to death and a woman critically wounded in a southside tavern early today. The woman's husband was held for questioning after officers said he admitted the shooting.

Police identified the dead victim as Doug Miller. They said he had been shot six times with a .22 caliber pistol.

In critical condition at Stouder Hospital was Mrs. Lucy Johnson, also of Troy. Doctors said she suffered a bullet wound in one lung.

Police said they were holding for investigation Mrs Johnson's husband, Dal, 27. They said Johnson walked into police headquarters shortly after the shooting and related that he saw his wife and Miller drinking together in the tavern. Police said Johnson told them he went home, picked up the pistol, returned to the tavern and started shooting.

8 Children Die As Train Hits Car

SIGOURNEY, Iowa (AP) — Eight children, all members of one family, were killed today when a train struck the car in which their mother was driving them to a rural grade school, the Keokuk County sheriff's office reported.

The mother, Mrs. Richard Hammes, was hospitalized. The children ranged in age from 1 year to 9 years and included two sets of twins. The car was hit by a Rock Island tri-weekly train at a country crossing not far from the Hammes farm home.

Chisox Pilot Quits

CHICAGO (AP) — Marty Marion today resigned as field manager of the Chicago White Sox because he felt the White Sox should have made a better 1956 showing. They finished third.

Eisenhower Believes H-Bomb Helps Give U. S. 'Strength'

WASHINGTON (AP) — President Eisenhower took his re-election campaign to New York today after saying the H-bomb helps give America "a position of strength" making any aggressor's attack "suicidal."

In Madison Square Garden tonight, Eisenhower will make a nationwide NBC radio-television address at 9 p. m. EST.

The White House indicated Eisenhower plans to hit out again at a proposal by Adlai E. Stevenson, Democratic presidential nominee, that the U. S. take the lead in seeking world agreement on banning hydrogen bomb tests.

Eisenhowers statement that U.S. possession of the H-bomb helps give it an essential "position of strength" in dealing with any potential enemy came late Wednesday as he replied to questions put to him by a group of women on a GOP-sponsored radio - TV program.

He also said anew that the military draft must be continued because the United States lives in "a world of tension." Stevenson has called for an end to the draft when that is consistent with national security.

Miss Beverly Barr, a young high school teacher from Rochester, N. Y., wanted to know "how long it will be necessary for us to have a draft."

Speaking from a Washington TV studio with Mrs. Eisenhower at his side, the President replied he "would be really using a crystal ball" if he tried to predict. He added he didn't think he would be justified in talking about termination of the draft "in terms of months or years."

The next question was from Mrs. Louis Martin, Negro mother of 12 children who lives on a farm near Salisbury, Md. She said she is "really worried" about the H-bomb, and added:

"I would like to know what is the future of our families in this atomic age."

Calling it a "very serious and important question," Eisenhower said "the world must find a peaceful solution" to the problem presented by the superbomb. "We can never have a hydrogen war, as I see it, and still have a civilization such as we now have."

Stevenson 'Good and Mad,' Heads West for Final Drive

NEW YORK (AP)—Adlai E. Stevenson, who says he is "good and mad," headed West today in a final stretch effort to beat President Eisenhower in the presidential race.

Stevenson told audiences in suburban Nassau and Westchester counties Wednesday night that he is "not at all sure" he and his running mate, Sen. Estes Kefauver of Tennessee, have been able to put over the Democratic message to the people.

"I have tried — and Sen. Estes Kefauver has tried — to present the great national issues," the Democratic presidential nominee said. "But the plain fact is that the Republicans are winding up a campaign of deceit unmatched in U. S. politics. And I don't mind telling you I am good and mad. Plenty of Americans are."

The crowd cheered.

Although he didn't put it directly into words, Stevenson obviously felt he was being frustrated in some respects in his efforts to interest the voters in his contention that the Republicans have come up with no ideas in four years and are trying to ride to victory on a "phony peace issue."

He told a howling crowd in the Democratic Bronx that "nothing has disgusted me more than this phony peace issue in the campaign." He demanded that Eisenhower call off the Republican exponents of this issue.

Stevenson reserved for the usually heavy Republican areas of Nassau and Westchester counties the sharpest barbs for Eisenhower and Vice Prsident Nixon.

Traveling 110 miles around New York City and its suburbs, he spoke to seven groups, ranging in size from about 75 state labor leaders to about 10,000 in the Bronx, in a grueling 12-hour grind. Impartial observers estimated he had 36,000 listeners, plus those who caught him on television.

Stevenson takes off today for Springfield, Ill., for a meeting with farm advisers and a major farm speech tonight. He will hedgehop to the Pacific Coast for speeches in the San Francisco and Los Angeles Saturday. He returns to the East for a major address in Boston next Monday night.

Council Gets Legal Opinion On Water Line Maintenance

City Council, in a 30-minute session Wednesday night, received an opinion prepared by City Colicitor William M. Junk relative to the Ohio Water Service Co.'s legal obligation in the matter of furnishing and maintaining consumer service lines and heard City Manager James F. Parkinson's report on the progress of the nearly completed hot - mix program.

The city solicitor prepared the opinion at Council's request in connection with a complaint registered with the legislative body two weeks ago.

* * *

THE FULL TEXT of the opinion follows:

"Upon Council's motion, I have been asked for an opinion as to certain questions raised in a written memorandum presented to Council by Angeline Osborne, 614 Columbus Ave.

"Paragraph 2 of the memorandum asks in substance the legal obligation of the Ohio Water Service Co. to furnish service lines from a water main to the consumer. I call the attention of Council to paragraph 9 of Section 3 of Ordinance No. 604, passed by Council on July 3, 1954, establishing conditions under which water service should be supplied to the City of Washington, which provides as follows: "All services and service connections shall be layed by an authorized plumber or by the company and paid for by the property owner, and shall be installed in accordance with the specifications of the company."

"Paragraph 1 of said memorandum asks what obligation is on the Ohio Water Service Co. to furnish material and-or labor to repair the line from the meter to the house of the consumer and-or the line from the meter to the main. The last sentence of the ninth paragraph of Section 3 of the above quoted ordinance provides that the company has the right to install a water meter in the service line of the consumer as follows: "The company may install meters on the premises of the property to be serviced or at the curb in its discretion and the consumer shall allow access to the meter for reading, maintenance and disconnecting it. The ordinance contains no provision to the knowledge of the undersigned, in which the company assumes the obligation of maintenance of service lines installed by the consumer."

THE CITY manager told Council that as of 6 p. m. Wednesday the year's street resurfacing program was complete with these exceptions:

(1) One strip of asphaltic material on the east side of Main St. from Newberry St. to the bridge;

(2) The whole width of new Main St. pavement from the bridge to the Pennsylvania Railroad tracks;

(3) The finishing touches on a

Lausche Eyes Bender Backer

Union Chief Involved In Senator's Probe

CLEVELAND (AP)—With the help of a fellow Democrat, Gov. Frank J. Lausche last night expressed puzzlement over the Ohio Teamsters Council endorsement of George H. Bender, his opponent in the Senate race.

Without mentioning either man by name, Lausche questioned what he called a "close relationship" between Bender and William Presser, president of the Teamsters Council. It came about like this:

Lausche's fellow Democrat, former Sen. Thomas A. Burke, appeared on a television program last night and boosted Michael V. DiSalle for governor. During his speech, with Lausche sitting at his right, Burke spoke of his own previous and losing contest with Bender in 1954.

"Two years ago," he said, "my opponent, Mr. Bender, came here just a week before the election with a congressional subcommittee and called a labor leader who refused to answer questions and took advantage of the Fifth Amendment. The committee was supposed to come back.

"Two years have gone by and he (Bender) hasn't come back. Now Mr. Bender and this labor leader are going around with their arms around each other."

* * *

PRESSER WAS one of the labor leaders questioned two years ago by a House subcommittee investigating alleged labor racketeering here. Bender headed the committee.

After Burke's statements last night, a reporter asked Lausche to comment on the teamsters' endorsement of Bender.

"The truth is," he replied, "that I was naturally surprised when the committee came to Cleveland just before the election. In my own mind, I knew it was a political operation.

"I recall that statements were made about unsolved bombings in Cleveland."

"Now in 1956," the governor continued, "there is such a close relationship between the investigator and the man investigated that I, too, am puzzled."

Wilmington Man Loses in Lawsuit

HAMILTON (AP)—A Butler County common pleas court jury awarded a $33,173.28 judgment in a damage suit Wednesday. It was one of the largest judgments ever awarded in this county.

The award was made in favor of Granville Rose of Middletown and against Benjamin Stokes of Wilmington, a state highway department engineer, as a result of injuries suffered by Rose in an automobile collision near Waynesville on Sept. 15, 1954.

Two other suits in which Rose's wife and their grandson are seeking a total of $61,500 still are pending.

Wire Staples Zing Around Policeman

OKLAHOMA CITY (AP) — Traffic officer W. L. Williams was minding his own business writing parking tickets for autos in front of an office building when—zing!—he was bombarded with a flurry of wire staples.

Furious, but unable to locate the source of the flying missiles, he called in another policeman to set a trap.

Setting himself up as a target again, Williams caught another barrage. But fellow officer R. L. Potter spotted two men flipping the staples from a window with rubber bands. The pair was arrested and fined $12 each.

Taxes Up Million

CLEVELAND (AP)—Collection of personal property taxes in Cuyahoga County rose $1,002,701 to $39,359,791 in 1956, county Treasurer Frank M. Brennan reports.

Hear Arguments In Action Based On School Audit

Hilty's Counsel Claims No Cause For Recovery Suit

Before a cause of action can be taken, there must be allegations of illegal expenditure or misappropriation, Richard Allison declared Thursday in oral argument in support of the demurrer of W. J. Hilty, County Superintendent of Schools, who is defendant in a $3,564 recovery action brought by Prosecutor John Bath on behalf of the Fayette County Board of Education in connection with a state examiner's report.

Addison, attorney for Hilty, contended there were no such allegations in the petition.

The arguments were heard in Common Pleas Court by Judge William Radcliff of Pickaway County, sitting by assignment, after Judge John P. Case of the Fayette County court had disqualified himself. Judge Radcliff made no immediate decision in the matter.

Addison said the examiner's report did not state any illegal payments had been made and that it said only that there were no receipts for certain expenditures. He contended that the vouchers serve as receipts.

"We can show statutory authority for every item (of expenditure) in the examiner's report," he declared.

* * *

CITING a reference in the report to expenditures for gasoline and oil, Addison said Hilty was granted a $600 a year allowance for this purpose by law and added "the law makes no mention of receipts." He pointed out that the expenditures (noted in the report as without receipts) — "do not add up to $600."

Although it was not referred to by either Prosecutor Bath or Addison, attorney for Hilty, during the arguments, an affidavit, signed by the five members of the county school board and accompanying the demurrer memorandum, stated that "with the possible exception of a $3 parking garage expense on April 25, 1953, each item of which complaint is made in the (prosecutor's) petition was paid by appropriate action of the board or its predecessors in office and is so reflected in the official minutes of this board."

Addison said that a previous report "for the same time, by the same auditor and on the same

Ohio Printer's Postal Forgery Spree Is Ended

COLUMBUS, Ind. (AP)—A former printer from Columbus, Ohio, who tried to cash money orders in too many bars told officers here he made $150,000 in seven months by altering postal money orders.

Prosecutor Charles R. Wells said Lawrence C. Wilson, 40, told him, "It's worth five years in prison to make $150,000."

He was held for forgery, larceny and obtaining money under false pretenses after his arrest in a bar Tuesday night. Wells said Wilson used a rubber stamp to blot out the original amounts on small money orders, then wrote in larger amounts.

The prosecutor said a woman who gave her name as Mrs. Frances Lynn Wilson, 25, Van Wert, Ohio, was arrested in a parked car and held on the same charges as Wilson. She said she and Wilson were married a month ago, but Wilson denied he had ever seen her.

Red Statue Gone

BERLIN (AP) — Communist East Germany today confirmed reports that East Berlin's Stalin statue is to be eased off the scene. A hotel will be built on the site.

Hungary To Seek Troop Withdrawal

Polish Chief Seeking New Independence

WARSAW, Poland (AP) — Wladyslaw Gomulka, Poland's new Communist party boss, worked today to erect a structure of independent Communism in the wake of a political revolt against Moscow domination.

Official broadcasts said Gomulka and the Politburo of the Polish Communist party had assumed "leadership of the working classes and the entire nation to overcome the mistakes and blunders of the past."

One broadcast said a program would be submitted to the party's Central Committee Sunday for improvement of economic conditions and the participation of youth in the government.

It promised to lift the "fetters of secrecy" from party affairs, and pledged a free election of party officials. A party resolution condemned anti-semitism.

Gomulka and other leading members of the Politburo plan to fly to Moscow soon to talk over differences that developed between Polish and Soviet Communist leaders last weekend.

* * *

GOMULKA MADE clear that the Poles could not expect any withdrawal of Soviet troops from their country in the farseeable future.

A crowd of 250,000 received in silence a statement on Soviet troops from Gomulka, who led Polish Communists in their revolt last week for "freedom."

Gomulka declared that the Soviet troops would remain as long as the North Atlantic Treaty Organization has bases in Western Germany.

He attacked anti-Soviet sentiment as displayed in demonstrations in several Polish cities earlier in the week, and asserted Communist authorities would tolerate no action against the state.

The crowd of 250,000 included factory and farm workers, office clerks, villagers and students who gathered in front of the 35-story Palace of Culture and Science, formerly known as Stalin Palace, to hear Gomulka.

The crowd cheered when he said "it depends on'y on us how long Soviet troops may remain here." But there was only stony silence when he added that government policy requires that the Russian troops stay as long as the West had military installations in West Germany.

The students, ignoring appeals to end demonstrations, paraded from the University of Warsaw crying "Rokossovsky go home."

They were assailing Marshal Konstantin Rokossovsky, the Polish-born former Soviet marshal who remains as defense minister in the Polish government.

Gomulka stressed that Soviet-Polish friendship remained a firm policy of the government.

Salt Lake City Gets 5-Inch Snow

SALT LAKE CITY (AP)—A snowstorm blanketed most of the central and northern intermountain area Wednesday.

Temperatures ranged below freezing as winds churned the powdery snow into drifts.

Main highways remained open.

Five inches of snow was on the ground in Salt Lake City.

Minimum temperatures included 26 in Pocatello, 29 in west Yellowstone, Mont.; 29 in Boise, Idaho, and 30 in Salt Lake City.

7 Persons Die as Planes Collide, Fall

MIDLAND, Tex. (AP)—A flaming collision of an Air Force jet and a civilian plane exploded wreckage and bodies over a residential district Wednesday.

Seven bodies, including that of a baby girl, fell with the wreckage. The jet plummeted flaming into an empty home. The engine of the civilian plane crashed into the kitchen of another home.

"That small plane looked as if it were flying almost in the same direction as the jet," L. B. Martin, Dallas, Tex., truck driver said. "There was a loud explosion, then pieces of both planes and bodies were falling everywhere."

Killed were Winfred R. Clement, 27, his wife Elizabeth, 25, and their 13-month-old daughter Cathy, all of Bowie, Tex.; Mrs. Clement's parents, Roy E. Howard, 63, and Ethel Howard, 57, Vashti, Tex.; Lt. Howell D. Hale, 25, whose parents, Mr. and Mrs. Ernest D. Hale, live near Decatur, Ill. and Capt. Roy A. Roberts, 29, whose mother is Mrs. Malinda A. Roberts, living in Belleville, Ill.

The jet wreckage crashed into the home of Mr. and Mrs. R .A. Saunders, who weren't home at the time.

The engine of the civilian plane crashed into the kitchen of Mrs. Billy Crowe. Only minutes earlier she had taken her children—Janice, 1, and Debra, 3—into the living room.

Estes, Dick Plan Return To Ohio Scene

COLUMBUS (AP) — The two vice presidential candidates are becoming familiar figures in Ohio. They have campaigned here before and are coming again before Election Day.

Estes Kefauver, Democratic vice presidential candidate, will tour the state again Monday. From Lima meetings Monday, he will fly to Findlay and Mansfield and then to Columbus for a rally speech in the capital city at 6 p. m.

He will then fly to Canton for a Stark County rally at 8:30 p.m.

Republicans plan to send Vice President Nixon and Atty. Gen. Herbert Brownell into the Buckeye State.

Nixon plans to whistle - stop through the state Saturday, Nov. 3.

His itinerary includes stops at Marietta, Athens, Chillicothe, Galion, Mansfield and Canton.

The vice president is due in at Marietta at 9:30 a. m. He leaves there at 10:20 a. m. after a train-side speech and moves on to Athens for a speech at 11:45.

He will speak in Chillicothe at 1:30 p. m. and at Galion at 5 p.m.

From Galion, Nixon's train will move on to Mansfield for a speech shortly after 6 p. m. At Canton he will speak in Timken Memorial High School at 8:30 p. m. He leaves for Washington at 10:30 p. m.

Brownell will address a Republican rally in Dayton's Memorial Hall at 7:30 p. m., Nov. 1.

Presley Receives Notice on Draft

MEMPHIS, Tenn. (AP) — Rock 'n' roll singer Elvis Presley has received a draft questionnaire and thinks that his induction into the armed services is "real close," the Memphis Press-Scimitar says.

Premier Nagy Asks Rebels to Halt Rioting

VIENNA (AP)—Hungarian Premier Imre Nagy promised today he will negotiate with Moscow to withdraw its occupation troops if Hungarian rebels will end their anti-Soviet rioting.

Nagy appealed for the rebellious forces of students and workers to lay down their arms and help his new government. He promised that if they did so, the country would get a new deal.

"As soon as order is re-established those troops which were called by our government to help will be withdrawn," he said.

Apparently this ment that as soon as the revolution ended the Russian troops, tanks and jet plane pilots would be recalled to their bases. Then Nagy would take up negotiations with Moscow to have the four or five Soviet divisions in Hungary removed.

Broadcasters in Budapest claimed Soviet and Hungarian troops were slowly crushing the anti-Soviet rebellion, but fighting went on.

* * *

THERE WERE no late figures on casualties, but travelers from Hungary Wednesday night said hundreds had been reported killed in Budapest alone.

The ruling Communist party in contradictory broadcasts appealed for the people to return to work, and warned them to stay off the streets because of continued shooting. It announced the ouster of its first secretary in an evident effort to appease rebels who since Tuesday night had been staging a bloody uprising in the heart of the Hungarian capital.

Radio Budapest said Ernoe Geroe, who only this week returned from Belgrade where he had a "reconciliation" conference with Yugoslav President Tito, had been replaced as first secretary by Kanos Kadar, a former Titoist.

It was the second major shake-up in the Hungarian hierarchy in two days and the third in three months. Wednesday Imre Nagy, purged for Titoism in 1955, returned as premier, replacing Andras Hegedus. Geroe succeeded the loyal Stalinist, Matyas Rakosi, as party secretary only last July.

A curfew, in force through the night, was extended, but people were told in other broadcasts that they could go out in case of extreme necessity.

Earlier broadcasts said rebels, who had started their insurrection with cries of "Russkies go home," were still firing in scattered sections of the city, but predicted that the rebel forces would be liquidated.

There were indications Wednesday that the fighting which erupted in Budapest Tuesday had spread to the provinces.

AUSTRIAN travelers crossing the border from Hungary said Hungarians had told them fighting broke out in the cities of Debrecen, Szolnok and Szeged.

The revolt, which grew out of an orderly street demonstration, has mushroomed into the biggest armed uprising aginast Soviet domination and domestic Red leadership since the East Germans revolted in June 1953 and were quelled by Soviet tanks.

The returning Austrians said hundreds had died in Budapest alone as Soviet tanks, jet planes, machine guns and grenades were unleashed on rebel groups composed of students and workers.

An informed source in Warsaw said Budapest was an "occupied city" with Russian troops in control of the official radio and patrolling the streets.

Examiner Reports on 3 School Districts

State examiners' reports on audits of Jefferson, Paint and Bloomingburg local school districts, which were consolidated with Miami Trace District Dec. 31, 1955, have been filed with officials of the three districts and with Prosecuting Attorney John S. Bath as required by law.

The reports also contain commentaries on rechecks of previous audits and list certain expenditures as in violation of the state code or without proper authority.

The three reports are signed by State Examiner Robert W. Barnes and are approved by E. A. Keller, deputy inspector of the Bureau of Inspection and Supervision of Public Offices, a branch of the state auditor's office.

JEFFERSON DISTRICT

The report of the new audit, covering the period from Aug. 31, 1955, to Dec. 31, 1955, cites a $36.12 "overpayment" to a teacher who was granted a two - day leave while finishing his M. A. degree, with a notation that a board is without authority to pay teaching personnel while on such leave, and also calls attention to a $6.30 payment to an employe of the school district for lunchroom supplies with a citation to Section 2919 of the Revised Code of Ohio.

Other paragraphs of the Jefferson District report include the following items:

"A recheck of a previous audit (shows) a payment Nov. 5, 1953, of $53.50 for supplies to Sugar Creek Stone Quarry. E. F. Armbrust was a member of the Union Local School District Board and had a proprietary interest in the firm."

"In checking receipts of the previous audit, covering the period of Jan. 2, 1953, to Aug. 31, 1955, it is noted that surplus property purchased from the Office of Commodity Distribution (Department of Public Welfare of Ohio) was resold. The sales were made on the following dates as listed in the cash journal. (There follows a list of five transactions totaling $494.27).

"During the period covered by this examination surplus property was resold on Nov. 14, 1955, in the amount of $17. Surplus commodities and property purchased by a school district are to be used for school purposes only and not resold. Upon interview, Mr. (Alvin) Little, the clerk, in regards to these sales, stated that members of the board and himself had made these purchases. Records did not disclose the names of persons to whom these sales were made."

DiSalle Offers 5-Point Plan For Schools

TOLEDO (AP) — Michael DiSalle, Democratic candidate for governor, Wednesday offered a five-point program to solve Ohio's teacher shortage problem.

His program included better salaries, tenure and retirement pay, better working conditions, increased facilities for teacher training and public recognition for the teaching profession.

DiSalle also lauded the Lausche administration's highway construction program and called for "greater emphasis on secondary roads and highway safety."

He said "good farm - to - market roads are needed by Ohio farmers and good roads are essential to industrial expansion."

Citing the state's $200 million highway construction program this year and a $240 million program for next year, DiSalle said this is four times greater than during the years before 1952.

"Certain people," he added, with an obvious reference to Sen. George Bender, "should look at the record, and at the staggering costs of highway construction, before making wild statements and even wilder promises."

Bender has said that "Ohio has the worst roads of any state."

DiSalle's Republican opponent, Atty. Gen. C. William O'Neill, was making the rounds of morning coffee meetings in Cleveland today. He told his audiences that "we must build additional hospital facilities in Cleveland for the treatment of our mentally ill."

Woman Hostage Dies of Injuries

LIMA (AP)—Mrs. Lourena Spyker, 59, died Wednesday night of a skull fracture suffered Sunday in an auto crash which climaxed the attempted escape of a patient from Lima State Hospital.

She was thrown from the car when it hit a utility pole here while Robert L. Whippen, 26, fled from a state highway patrol car. The car continued on until it hit a parked car and Mrs. Rosemary Banks, the other hostage, was thrown out.

Both women had been forced into the car at gunpoint. Mrs. Banks was robbed of $300.

Baby Sitter Admits Killing 2 Infants

NEW HAVEN, Conn. (AP) — Six-foot, 226-pound baby attendant Virginia Jaspers, accused of the fatal shaking of two infants, sat with head bowed Wednesday as her lawyer entered a plea of guilty.

The 33-year-old blonde, who said she shook the children "because sometimes babies get on my nerves," faces a maximum sentence of 15 years each on two counts of manslaughter. She will be sentenced next month. Miss Jaspers, who is not a nurse, cared for newborn infants in their homes.

The first high school was built in Los Angeles, Calif., in 1855.

Real Soap Boxes Found for Debate

CINCINNATI (AP) — Leonard D. Slutz, Democratic candidate for Congress from the First District, today challenged Rep. Gordon Scherer, Republican seeking re-election, to a soap box debate, and he has the soap boxes.

Sherer, however, turned down the invitation, saying he already had discussed the subject of the proposed debate—the investigation by Congress of communistic activities.

"I have gone to great trouble to obtain two soap boxes, which are not easy to find now-a-days," Slutz said in his challenge.

Soviet Show Of Strength May Backfire

WASHINGTON (AP) — Russia's show of the iron fist in Hungary seems likely to damage her ability to build influence in South Asia and the Middle East.

The entrance of Soviet troops into the struggle against Hungarian students and workers, even at the request of Hungary's Communist government, is regarded in Washington as something Moscow must have wanted to avoid.

Some U. S. officials think this action will destroy a myth the Soviets have long nourished: that people under Communist rule are happy with their lot and feel their system is best. A part of the myth is that there are voluntarily friendly relationships between Moscow and the satellites.

This picture has been offered to countries in the African - Asian belt for years as the alternative to Western colonialism — a happy state of good living which oppressed peoples could look forward to if they could throw off the "imperialism" which the Reds denounce.

The Western Allies have maintained that the Soviets have been imposing a new imperialism upon vast areas, particularly the satellites in Eastern Europe.

These conflicting arguments have been important in the "battle for men's minds" going on in neutral countries.

Lockbourne Trio Nabbed in Columbus

COLUMBUS (AP) — Three airmen who escaped from the guardhouse at Lockbourne Air Force Base recaptured today and are being held in the Franklin County jail.

They were detained for investigation of breaking and entry and for being absent without leave from the U. S. Air Force.

Air Police at Lockbourne AFB said Roy G. Devault, 17, of Dover; James H. Bragg, 18, of Darbydale, W. Va., and Carl L. Wilson, 17, of Charleston, W. Va., escaped from the guardhouse about 6 p. m. Wednesday. They were being held for being AWOL.

Chesapeake & Ohio Railroad police found the trio, apparently trying to break into a Columbus garage of the C&O, at 12:30 a. m., today, deputies reported.

Fremont Schedules Trial in Swindle

Ohio Dems Plan Own 'Fact-Finders'

COLUMBUS (AP) — Democratic State Chairman William L. Coleman today said a three-man squad of "fact-finders" will tour Ohio during the last two weeks of the campaign "in an effort to separate the wheat from the chaff of Republican campaign promises."

On the squad are three members of the Ohio House of Representatives, George Hook of Brown County, Jesse Yoder of Montgomery County and John Lynch of Mahoning County.

Coleman said the squad "will point out how the campaign speeches and promises of the Republican candidate for governor, C. William O'Neill, are widely divergent from his voting record as a state legislator, his actions as state attorney-general and from his own party's 1956 platform."

THE PERSONAL standing and integrity of a public official is at stake, he declared as he made a reference to the timing of the examiner's report "just prior to the election." Later on, Addison said: "This thing has a peculiar aroma. It could have been brought after the election. They are taking political advantage of us and we will try to take technical advantage of them." He did not amplify that last sentence.

Prosecutor Bath, in supporting the petition, said the prosecutor is directed by law to file the action, regardless of whether the board authorized it.

If no receipts were filed, Bath contended, the expenditures were not accounted for.

The allowance of $600 a year, Bath declared, is for a specific purpose — for gasoline and oil—and should be accounted for. Speaking in general terms, he added, "Otherwise it could be put in the pocket." This reference was not an accusation against Hilty; rather it was a generalization.

The purpose of the recovery action, Bath said, was to set forth the examiner's report for final determination by the court.

Judge Radcliff indicated he would render his decision on the demurrer within two weeks—or before the election.

Willoughby Official Cited for Assault

WILLOUGHBY (AP) — Willoughby Finance Director Francis H. Dickson pleaded innocent to a charge of assault and battery Wednesday. A 14-year-old girl has accused him of shaking her when she refused to go for a ride in his car.

Dickson, 57, father of three children, says it's a case of mistaken identity. Free on bond, he has been suspended from his job by Mayor Gar J. Pierce and will appear at a hearing tentatively scheduled for Nov. 13.

Titanium Mill Slated for Ohio

STEUBENVILLE (AP)— Titanium Metals Corp. of America, with general offices in New York has announced plans to buy a steel plant at nearby Toronto and convert it into a facility for rolling and forging titanium.

The plant is the Ohio River Steel Division of the Louis Berkman Co. It has 400,000 square feet of floor space and 50 acres of adjoining property. Titanium metals is owned by the National Lead Co. and Allegheny Ludlum Steel Corp.

Spanish Poet Awarded Nobel Literary Prize

STOCKHOLM, Sweden (AP)—Juan Ramon Jimenez, 74-year-old Spanish poet best known for his Odes to a Donkey, was awarded the 1956 Nobel prize for literature today.

The award was made by 18 literary experts of the Swedish Academy of Letters from a field of about 30 candidates proposed for the $38,000 prize. The award, the richest in literature, was made possible under the will of the late Alfred Nobel, Swedish inventor.

Jiminez, who left his native Spain in 1936 during the disorders of the Spanish Civil War, has lived in nearly every country in the Western Hemisphere during the last 20 years.

He is now living in Puerto Rico, where he went in 1951 to become a visiting professor in the college of humanities at the University of Puerto Rico. He now edits the literary section of the university's campus newspaper, and acts as a counsellor to students.

His best-known work, "Platero Y Yo" (Silver and Me), written in 1914, is about a light gray donkey named Silver to whom the poet makes poetic speeches while wandering along the roads of southern Spain.

The poet, whose full name is Juan Ramon Jiminez Mantacon, was born in Moguer, a village of Huelva Province, on Dec. 24, 1818, the son of wealthy landowners.

Mix a quarter cup of sugar with a couple of teaspoons of cinnamon; spread over well-buttered toast and reheat under the broiler.

DiSalle Offers 5-Point Plan For Schools

TOLEDO (AP) — Michael DiSalle, Democratic candidate for governor, Wednesday offered a five-point program to solve Ohio's teacher shortage problem.

His program included better salaries, tenure and retirement pay, better working conditions, increased facilities for teacher training and public recognition for the teaching profession.

DiSalle also lauded the Lausche administration's highway construction program and called for "greater emphasis on secondary roads and highway safety."

He said "good farm - to - market roads are needed by Ohio farmers and good roads are essential to industrial expansion."

Citing the state's $200 million highway construction program this year and a $240 million program for next year, DiSalle said this is four times greater than during the years before 1952.

"Certain people," he added, with an obvious reference to Sen. George Bender, "should look at the record, and at the staggering costs of highway construction, before making wild statements and even wilder promises."

Bender has said that "Ohio has the worst roads of any state."

DiSalle's Republican opponent, Atty. Gen. C. William O'Neill, was making the rounds of morning coffee meetings in Cleveland today. He told his audiences that "we must build additional hospital facilities in Cleveland for the treatment of our mentally ill."

Woman Hostage Dies of Injuries

LIMA (AP)—Mrs. Lourena Spyker, 59, died Wednesday night of a skull fracture suffered Sunday in an auto crash which climaxed the attempted escape of a patient from Lima State Hospital.

She was thrown from the car when it hit a utility pole here while Robert L. Whippen, 26, fled from a state highway patrol car. The car continued on until it hit a parked car and Mrs. Rosemary Banks, the other hostage, was thrown out.

Both women had been forced into the car at gunpoint. Mrs. Banks was robbed of $300.

Baby Sitter Admits Killing 2 Infants

NEW HAVEN, Conn. (AP) — Six-foot, 220-pound baby attendant Virginia Jaspers, accused of the fatal shaking of two infants, sat with head bowed Wednesday as her lawyer entered a plea of guilty.

The 33-year-old blonde, who said she shook the children "because sometimes babies get on my nerves," faces a maximum sentence of 15 years each on two counts of manslaughter. She will be sentenced next month. Miss Jaspers, who is not a nurse, cared for newborn infants in their homes.

The first high school was built in Los Angeles, Calif., in 1855.

Real Soap Boxes Found for Debate

CINCINNATI (AP) — Leonard D. Slutz, Democratic candidate for Congress from the First District, today challenged Rep. Gordon Scherer, Republican seeking re-election, to a soap box debate, and he has the soap boxes.

Sherer, however, turned down the invitation, saying he already had discussed the subject of the proposed debate—the investigation by Congress of communistic activities.

"I have gone to great trouble to obtain two soap boxes, which are not easy to find now-a-days," Slutz said in his challenge.

Soviet Show Of Strength May Backfire

WASHINGTON (AP) — Russia's show of the iron fist in Hungary seems likely to damage her ability to build influence in South Asia and the Middle East.

The entrance of Soviet troops into the struggle against Hungarian students and workers, even at the request of Hungary's Communist government, is regarded in Washington as something Moscow must have wanted to avoid.

Some U. S. officials think this action will destroy a myth the Soviets have long nourished: that people under Communist rule are happy with their lot and feel their system is best. A part of the myth is that there are voluntarily friendly relationships between Moscow and the satellites.

This picture has been offered to countries in the African - Asian belt for years as the alternative to Western colonialism — a happy state of good living which oppressed peoples could look forward to if they could throw off the "imperialism" which the Reds denounce.

The Western Allies have maintained that the Soviets have been imposing a new imperialism upon vast areas, particularly the satellites in Eastern Europe.

These conflicting arguments have been important in the "battle for men's minds" going on in neutral countries.

Lockbourne Trio Nabbed in Columbus

COLUMBUS (AP) — Three airmen who escaped from the guardhouse at Lockbourne Air Force Base recaptured today and are being held in the Franklin County jail.

They were detained for investigation of breaking and entry and for being absent without leave from the U. S. Air Force.

Air Police at Lockbourne AFB said Roy G. Devault, 17, of Dover; James H. Bragg, 18, of Darbydale, W. Va., and Carl L. Wilson, 17, of Charleston, W. Va., escaped from the guardhouse about 6 p. m. Wednesday. They were being held for being AWOL.

Chesapeake & Ohio Railroad police found the trio, apparently trying to break into a Columbus garage of the C&O, at 12:30 a. m., today, deputies reported.

Fremont Schedules Trial in Swindle

FREMONT (AP) — Mrs. Sherry Caldwell of Cleveland has been brought here from Cincinnati to stand trial Tuesday on a charge of swindling 70-year-old Mrs. Mary Davis of Fremont out of $40,000.

Mrs. Caldwell, 28, had been in jail in Cincinnati awaiting trial on a similar charge, but will be tried here first.

Ohio Dems Plan Own 'Fact-Finders'

COLUMBUS (AP) — Democratic State Chairman William L. Coleman today said a three-man squad of "fact-finders" will tour Ohio during the last two weeks of the campaign "in an effort to separate the wheat from the chaff of Republican campaign promises."

On the squad are three members of the Ohio House of Representatives, George Hook of Brown County, Jesse Yoder of Montgomery County and John Lynch of Mahoning County.

Coleman said the squad "will point out how the campaign speeches and promises of the Republican candidate for governor, C. William O'Neill, are widely divergent from his voting record as a state legislator, his actions as state attorney-general and from his own party's 1956 platform."

Later on, Addison said: "This thing has a peculiar aroma. It could have been brought after the election. They are taking political advantage of us and we will try to take technical advantage of them." He did not amplify that last sentence.

Prosecutor Bath, in supporting the petition, said the prosecutor is directed by law to file the action, regardless of whether the board authorized it.

The allowance of $600 a year, Bath declared, is for a specific purpose — for gasoline and oil—and should be accounted for. Speaking in general terms, he added, "Otherwise it could be put in the pocket." This reference was not an accusation against Hilty; rather it was a generalization.

Don't Lose Sight of These Small Issues Nov. 6

Aside from the candidates for office and much talked issues on the Question and Issue ballots which will be handed to Fayette County voters at the Nov. 6 election, there are four small issues which deserve attention and support and should not be overlooked in the tumult and shouting about other matters claiming the attention of voters.

These are the Fayette County Health Department renewal levy for two tenths of a mill; the Mt. Logan Sanatorium, or what will appear as the Fayette County District Tuberculosis Hospital levy, a renewal, for .25 of a mill; the $8,000 bond issue for the attention of Union Township voters to provide funds for Union Township's share in joining with Washington C. H. for the purchase of additional ground for the Washington Cemetery which is controlled by the city and Union Township; One other small levy for .5 of a mill will appear on the ballots of the voters in Green Township to provide for fire protection.

All of these face danger of being lost in the attention being given by voters to the many other matters which appear upon the ballots in a big presidential year election.

Each of them is of vital importance to the people who will vote. The proposed small levy to be renewed on a county wide basis for the health department will mean that the department can continue as it has, if it passes; if it loses our county health department will either receive a severe jolt and have to work with reduced personnel and equipment or will have to ask the city and the townships to supply the additional money which they will have difficulty in doing by reason of their present financial budgets not being in shape to allow for this extra expense. The health department's work is too important and has been too successful for people to ignore the necessity of approving this levy.

Fayette County is one of six Ohio counties in the district which provides funds, in addition to the share the state furnishes, for maintenance of the Mt. Logan Sanatorium at Chillicothe. All of this county's tuberculosis patients are sent there when necessary. Scores of people from this county have been patients in that institution and have received the care and treatment so that most of them are able to recover and return to their homes to resume normal living.

Union Township needs the $8,000 bond issue to meet a situation with reference to the Washington Cemetery, in which the township has as much interest as Washington C. H. The cemetery is operated by a joint city - township board which finds it necessary to purchase additional land for cemetery use. It is believed the voters there will understand the need for this expenditure, since the city already has arranged for its share of the financing for this project.

Green Township people fully understand the need for fire protection on which they are to vote and undoubtedly will hunt for that particular levy on the ballot to vote for approval.

Cocktail Parties — Terrible!

By Hal Boyle

NEW YORK (AP) — Everybody talks about how terrible the average cocktail party is, but nobody does anything about it except maybe throw a worse one himself later.

It's reached a point where, when a host invites you to a cocktail party, you wonder whether it's because he really wants to see you, or merely is seeking revenge because you had him over to your last house party.

After attending some 3,000 of these social marathons (I have the same morbid interest in them that old women have in attending funerals), I believe I've figured out a way cocktail parties can not only be made endurable but enjoyable.

First, let us examine what is wrong with most cocktail parties. Connoisseurs of the napkin circuit agree that while the canapes may make a party indigestible, it is the conversation that actually makes it insufferable.

"I know you'll be enchanted with Miss Wambnutt; she's so intellectual. And also with Mr. Froshingham; he's a real dear," says the hostess and gallops off fast.

Two hours later you know the deadly reason. Miss Wambnutt, who wears Clara Bow bangs, is hep on reincarnation and is sure she remembers you from a previous life in Nineveh (or was it Tyre?), when she was a princess and you were her pre-Christian slave. Mr. Froshingham, a distinguished codger with a silver mustache, has only two words—"uh" and "uh-uh." His main interest in life is in dipping his mustache into a martini and then squeezing it dry with his lower lip.

How can we avoid these situations? By taking a tip from business conventions, at which delegates wear identity tags bearing their names and business firms.

Here is my idea. Every cocktail party guest should be made to wear, not merely an identity tag, but a printed biography card listing his interests and prejudices in large clear type.

For example, a card like this: "My name is Elbert Stitcher. I manufacture ladies undergarments. Yes, I find it interesting.

"My income is upward of $20,000 a year.

"I have a wife and three children (all grown). If you don't show me pictures of your family, I won't show you mine.

"I am an intermittent Presbyterian and a registered Democrat. (I probably should vote Republican, but my father told me with his dying breath that if I ever did he would roll over in his grave).

"Subjects I don't want to talk about: politics, religion, flying saucers, the opera, interplanetary flights, the possibility of life on mars, and John Foster Dulles.

"Subject I do like to talk about: sex (if you're a girl under 40), golf (if you know a sure way to shoot under 100), any new income tax deductions you've heard of, the unreasonable demands of labor and why the government will do anything for the farmer but nothing for the small businessman.

"My pet peeves are: jazz record collectors, suburbanites, do-it-yourself fans, mothers who tell the cute sayings of their children, Brooklyn Dodger rooters, and people who think it's funny to ask me, 'what's new in brassieres these days besides foam rubber?' "

No one would have an excuse for getting stuck in a boring conversation unless he simply couldn't read. And whatever else you say about cocktail parties, you have to admit most of the people who go to them can read. Well, until the third martini, anyway.

The Congressional Candidates

By George Sokolsky

Up and down the country, candidates for the Senate and the House of Representatives are running scared. It is very difficult to appraise public opinion during this election not only because of the general apathy but also because the registration has fallen off. Which side has suffered most?

Here in New York, on the island of Manhattan, undoubtedly the most congested area in the country, the Republicans usually elect only one member of the House of Representatives, Frederic R. Coudert Jr. It is true that in recent elections, Jacob Javits also was elected as a Republican but that was with the aid of the Socialist Liberal party which presents a different problem.

Coudert represents his district adequately and competently and has made a fine reputation. But in 1954, there was evidence of a pinkish hue working its way into that district which usually was described as silk - stocking ed. Nevertheless Coudert was elected but by a narrow margin. This year, it is a tough battle, particularly as his opponent advertises that he rescued Gen. Douglas MacArthur at Bataan which is a little far-fetched because MacArthur did his own rescuing. Nevertheless, it makes quite a story and may hypnotize a few voters.

Coudert is an authority on financial questions and has been particularly valuable in Congress on committees dealing with appropriations. It is not a field where a man can make a lot of demagogic speeches, but he can do valuable work for the United States. If I lived in that district, I would vote for Coudert.

Now we shall hop along to Idaho and there Sen. Herman Welker is in a three-cornered fight. Welker is a lawyer and has been a teacher and if he were a Democrat, he probably would be regarded as an intellectual. He has a profound understanding of the basic law of this country and would make a wonderful judge.

One of the Democratic candidates in the primaries was Glen Taylor who used to be in the Senate and who ran for vice president on Henry Wallace's Progressive party ticket. Wallace and Taylor got trimmed and Taylor disappeared. However, he is trying to make a comeback and as I see in "The Idaho Daily Statesman," he was threatened by police for trying to get affidavits from people who had voted for him in the primaries. Taylor lost to Frank Church by 170 votes and has been trying to find out whether he was defeated or counted out. Taylor said:

"Idaho politics and the conduct of our elections have degenerated to a level which should make the big city machines turn green with envy. If the agencies of law enforcement can be used for political purposes to jail a man who is peacefully and very politely trying to get information bearing on the outcome of an election, than we have indeed reached a sorry state."

I hear in New York that lots of New York money has gone into Idaho to defeat Welker. Why New Yorkers do not let the people of Idaho manage their own affairs without interference is something that the people of Idaho ought to find out about if they still believe that a United States senator should represent the people of his own state and not the gentlemen who meet in the Waldorf - Astor in New York to decide what an effective Congress should be. The same gang tried to defeat Sen. Pat McCarran.

I quote from a longer column by Holmes Alexander in the "Idaho Statesman" a paragraph with which I wholly agree. Speaking of Welker's record, Alexander writes:

"...actually it is the record of a man taking arms against the sea of troubles that besets our republic. It is clearly the record of one who scorns popularity and presidential coattails, or one who would rather be right (as he sees the right) than be a two - term senator."

Well, there are men like Herman Welker left in this world. I sat through a night with him at the 1952 convention of the Republican party. Welker had kicked off his shoes and sat in stockinged feet, philosophizing of men and events. Amid all the noise and confusion of that convention, this man talked through a night on what had been the philosophy, the soul of our people. It was refreshing conversation and a revelation. If I lived in Idaho, I would vote for Herman Welker.

Typhoid Fever Still Ever-Present Threat

By HERMAN N. BUNDESEN

Typhoid fever is still with us even though we no longer hear of widespread epidemics.

Most of us, I'm afraid, are inclined to be apathetic toward this disease, yet the typhoid bacillus—the causative agent—is always present. Even today it remains a serious threat to our health.

Dread Disease

Like most of you, I hadn't thought a great deal about typhoid until a woman called recently asking me to describe the symptoms. Her youngster didn't have this dread disease, but I began thinking that maybe more of you should be better acquainted with the symptoms.

The disease may be so severe that it causes death, or it may be relatively mild. Even the moderate type, however, brings a lot of suffering.

Enter Through Mouth

The typhoid bacilli enter the body and eventually the intestinal tract by way of the mouth. Symptoms begin about 10 to 14 days after the germs enter the body.

The victim probably will feel tired, have a dull headache, a steadily rising fever and will lose his appetitie. He may have either diarrhea or constipation.

Some seven days or so later a rose-colored rash develops on the skin, generally on the chest and stomach.

Any Season

While typhoid is more apt to occur in warm weather, it can occur at any time of the year.

In cold months, drinking unclean water usually is the source of the trouble. In any type of weather, milk and milk products are a chief source of infection.

In large cities such as Chicago, our water, milk and other dairy products are perfectly safe, but in some other areas there may be a certain amount of danger.

Drink only water known to be pure and milk that is properly pasteurized. Keep your home free from houseflies and be sure to wash your hands thoroughly after going to the bathroom and before handling food, drinks and eating utensils.

QUESTION AND ANSWER

P. B.: I am constantly blushing. What can I do about it.

Answer: Blushing is usually caused by nervous instability.

Due to excitement or nervousness, there is a nervous stimulation to the nerves supplying the blood vessels to the face. This causes an increase in the circulation, producing blushing.

There is no treatment which needs to be employed.

Compressed yeast should be softened in lukewarm (80 to 85 degrees) liquid; active dry yeast should be softened in warm (110 to 115 degrees) water. Use dry yeast before the date on the envelope expires.

Now we shall hop along to Idaho and there Sen. Herman Welker is in a three-cornered fight. Welker is a lawyer and has been a teacher and if he were a Democrat, he probably would be regarded as an intellectual. He has a profound understanding of the basic law of this country and would make a wonderful judge.

One of the Democratic candidates in the primaries was Glen Taylor who used to be in the Senate and who ran for vice president on Henry Wallace's Progressive party ticket. Wallace and Taylor got trimmed and Taylor disappeared. However, he is trying to make a comeback and as I see in "The Idaho Daily Statesman," he was threatened by police for trying to get affidavits from people who had voted for him in the primaries. Taylor lost to Frank Church by 170 votes and has been trying to find out whether he was defeated or counted out. Taylor said:

"Idaho politics and the conduct of our elections have degenerated to a level which should make the big city machines turn green with envy. If the agencies of law enforcement can be used for political purposes to jail a man who is peacefully and very politely trying to get information bearing on the outcome of an election, than we have indeed reached a sorry state."

I hear in New York that lots of New York money has gone into Idaho to defeat Welker. Why New Yorkers do not let the people of Idaho manage their own affairs without interference is something that the people of Idaho ought to find out about if they still believe that a United States senator should represent the people of his own state and not the gentlemen who meet in the Waldorf - Astor in New York to decide what an effective Congress should be. The same gang tried to defeat Sen. Pat McCarran.

I quote from a longer column by Holmes Alexander in the "Idaho Statesman" a paragraph with which I wholly agree. Speaking of Welker's record, Alexander writes:

". . .actually it is the record of a man taking arms against the sea of troubles that besets our republic. It is clearly the record of one who scorns popularity and presidential coattails, or one who would rather be right (as he sees the right) than be a two - term senator."

Well, there are men like Herman Welker left in this world. I sat through a night with him at the 1952 convention of the Republican party. Welker had kicked off his shoes and sat in stockinged feet, philosophizing of men and events. Amid all the noise and confusion of that convention, this man talked through a night on what had been the philosophy, the soul of our people. It was refreshing conversation and a revelation. If I lived in Idaho, I would vote for Herman Welker.

People . . . Places . . . and Things

Round about Fayette County

By B. E. KELLEY

Some of the records made by top milk producing cows in recent years, are rather astonishing, and some of these big records have been made right here in Fayette County, and in nearby counties, where dairying is one of the major businesses on the farm.

Take for instance the record of a Holstein - Friesian cow owned by Robert Klever, of New Holland, which produced 14,721 pounds of milk in 365 days. The milk yielded 511 pounds of butterfat. The cow was milked twice daily, and was a three year old.

The record was made under Ohio State University supervision and is one of many records established in the state by various breeds.

The top record in the state for a Holstein-Friesian was 22,212 pounds of milk, with 747 pounds of butterfat, produced by a 5-year-old cow milked twice daily during 365 days. She is owned by R. W. Hostetler, of Smithville.

Many years ago cows were just so many cows, and some were rated good, bad and indifferent, but no production records like those of comparatively recent years were ever dreamed of.

Eighteen quarts of milk a day for 305 days from one cow is also some kind of a record.

This record was made by Circle Maple Lady Boneta an Ayrshire cow, 2-years-old, owned by Russell E. Brown, of Ross County. The official test showed 11,720 pounds of milk, and 507 pounds of butterfat on a twice-daily milking.

I have often noticed that Ayrshires are the leading breed of dairy cattle in Ontario, Canada, and apparently their numbers are increasing in Ohio.

In a feature story on Bob an a Farms, Inc., which will be carried soon, I will give you some remarkable records of the Bobana Holsteins.

FLOWERS STILL BLOOM

It has been many years since I have seen so many flowers blooming this late in October, and particularly after a series of frosts which occurred earlier in the season.

There is an abundance of roses, petunias, dahlias, marigolds, and chrysanthemums still blooming, as well as some of the fall wild flowers, chiefly the asters.

I hardly know which flowers are the most appreciated, those blooming first in the spring, or the ones blooming late in the fall.

GOOD LYCEUM COURSE

Many years ago a lyceum course was presented at Grace Church each winter, by a committee of members of the church, and some of the top talent of the day was brought here for the entertainment of the public.

The talent booked always packed the auditorium and the course was the biggest entertainment feature in the city.

The recent death of Glenn Woodmansee brought to mind the fact that he was a member of the committee, which also included Ray Maynard, Fred Mark, Herman Price and myself.

We used to book such talent as Strickland Gilliland, Madame Scotney, Thomas Brooks Fletcher, Bohumir Krill and his gifted daughters Richard Pierson Hobson, Katheryn Ridgeway, George Ade, Opie Reed, Gay Zanola McLaren, who later married Ralph Parlett, humorist, who was here several times. Also Richard Conwell whose famous lecture on "Acres of Diamonds" was given hundreds of times throughout the nation, and various other entertainers both vocalists and instrumentalists.

I recall that Madame Scotney was a grand opera singer with a marvelous voice, and her appearance here was her first on the lyceum course. She was used to perfect attention, and after some youngsters became a little noisy during her singing she broke down, and wept back stage after the performance.

800 WANT THAT CALF

Vernon Benroth, of Johnson's Crossing, president of the Ohio Shorthorn Breeders Assn., has informed me that so far more than 800 boys and girls of the 4-H Club and FFA members in the state have sent in letters of 50 words or less, asking for a feeder calf which the association is giving to the youngster who writes the best letter asking for it.

All 20-year-old - and-under members of the two organizations are eligible in the contest.

The winner will be announced at a feeder calf sale to be held at the Columbus Union Stockyards on Nov. 3.

At the present time the Ohio Shorthorn Breeders Assn. has 125 members scattered throughout the state.

MINERALS IN FAYETTE

The most abundant mineral in Fayette County is limestone, and it exists in inexhaustible quantities, particularly in the southern part of the county, as well as in the southeastern part.

In fact there are three large quarries in southern Fayette County, and one along Compton Creek near Dogtown, or a short distance off of the White Rd., at the eastern edge of the county.

Most of the limestone in the county is calcium carbonate and some contains magnesium carbonate and is classified as dolomite.

Not only are huge quantities of the limestone quarried for road building, but large amounts are being used throughout this part of Ohio for fertilizer, as liming soil has become one of the foremost fertilizing practices, and results have been highly beneficial.

Thousands of tons of limestone for road building and cement purposes are moved from the mines, or quarries annually, and there is an ample supply of limestone for thousands of years.

Zinc ore is found deposited in some layers of the limestone, but not in sufficient quantities to make it worthwhile to extract it.

Another interesting deposit in Fayette County, and also one which is not in paying quantities, is a very thin layer of asphalt, found in the Rock Mills area, and not far below the surface.

Funeral Directors Told Police Ranks

MILWAUKEE (AP) — Jerry G. Spears of Columbus, president of the National Funeral Directors Assn., urges funeral directors to police their ranks to keep out "casket peddlers."

"There are promoters and some of our own group who would abrogate the code of ethics and all legal and educational regulations which could be eliminated," Spears told the NFDA convention.

"They would like us as funeral directors to be sellers of caskets and nothing more," he declared. "They want us to throw sentiment, the pageantry of mourning, ethics and group solidarity out of the window except to the extent that profit could be realized by keeping some of them."

Blue Birds Enjoy Wiener Roast

The Cherry Hill Blue Bird group met at the school, with their leader Mrs. Robert Parish. Mrs. Cecil West and Mrs. James DeWeese, assistant leaders, who accompanied the girls to the Washington City Park for a wiener roast.

The wieners were roasted in the fireplace in the shelter house and were served with doughnuts and cider.

Members enjoying the special event were: Diana Wagner, Terry Sue West, Pamela DeWeese, Linda Parish, Linda Tatman, Bonnie Shadley, Judy Sever, Vicki Wilson and Jill Garrett.

Two Members Are Hostesses at Class Meeting

Misses Pat Hagan and Peggy Bacon, were co - hostesses to the Young Peoples Class of First Baptist Church and the business session was presided over by Miss Judy Cahall, president, during which plans were made for the November meeting to be held in the home of Larry Hurtt.

The class also decided to buy the flowers for the church auditorium Thanksgiving Sunday - using their class colors in the floral piece of white and purple.

Plans were also completed for a game dinner to be held in honor of the returned college students for their Christmas vacation on Dec. 22nd and Miss Pat Hagan will head the dinner arrangements committee with Mr. Norman Chaney in charge of the entertainment.

The class discussed at some length the possibility of attending church one Sunday a month in a group and decided that Communion Sunday, the first Sunday of each month was their choice of Sundays.

Special recognition was given to Don LeMaster, who is leaving Thursday for Boston, Mass., for his assignment in the Navy. He was given a lovely leather travel kit with a host of well wishes, a poem was read in his honor — written by the teacher, Mrs. Twining.

The rest of the evening was spent in story telling, each member participating and trying to top previous stories. Much hilarity and fun made it a delightful program.

Tempting and hearty refreshments were served to the large group attending, by the charming hostesses.

Circle Members Hold Meeting At Kessler Home

The Mary Ruth Circle of the Jeffersonville WSCS assembled at the home of Mrs. Harry Kessler, Wednesday afternoon for the regular meeting with seventeen members present.

Miss Louise Fults, leader, called the meeting to order and read the poem 'Gold Shines On The Hills," by Frank Grubbs.

The worship period was conducted by Mrs. Roy Young, and roll call was responded to with quotations taken from the Upper Room.

The usual reports were given and approved and plans were made for the completion of comforts which will be sent to the South Side Settlement in Columbus and the committee named for this project was, Mrs. Willis Reese, Miss Louise Fults, Mrs. Roy-Young, Mrs. Glen Brock, Mrs. Marie Runyan, Mrs. Frank Marshall and Mrs. Ralph Agle.

Plans were also made for the Thanksgiving Market, and Mrs. Roy Young and Mrs. Ellsworth Vannorsdall were appointed to be in charge of participation in this annual event sponsored by all circles.

The program was in charge of Mrs. Glen Brock, who opened with the reading of a poem "Love, Makes Us Friendly," by Amilda Kisor. Mrs. Brock used for discussion excerpts from an article by William E. Miller, "Christian Faith and Should a Christian Join A Political Party?" She emphasized that Christians should not identify themselves with any political program that expresses their Christianity and no one can speak for God on the Senate floor, but can seek out a political program that expresses their Christianity. Religion is a private matter and not with worldly and political matters.

She closed by stating the need for good Christian men in our Government, and read the poem entitled "Who Does God's Work Will Get God's Pay."

The meeting was closed with prayer by the leader and during the social hour, Mrs. Kessler was assisted by Mrs. Russell Garringer and Mrs. Ogle Fradd in the serving of refreshments.

The November meeting will be held at the home of Mrs. John Baird.

Mite Society Includes Guests At Meeting

A covered dish luncheon held in Fellowship Hall at Grace Methodist Church on Wednesday preceded the regular meeting of the Wesley Mite Society with sixteen members present and three guests included.

The members and guests enjoyed a delightful luncheon hour at tables decorated with arrangements of dahlias and chrysanthemums.

Mrs. John Markley, president, presided over the afternoon meeting and introduced the guests, Mrs. Emma Cheney, Mrs. Jean Nisley and Mrs. Blanche Chaney, a charter member of the society whose mother gave the Mite Society its name 53 years ago.

The singing of a hymn by the group was followed with devotions led by Mrs. Rex Pittenger who used as her theme "What Is The Bible" for a discussion and prayer was offered by Mrs. Frank E. Haines.

It was announced that gifts had been purchased for patients at the Chillicothe Veterans' Hospital, and a generous donation was also contributed.

The usual reports were given and special reports given by members included 63 calls made, 40 cards sent, 11 bouquets sent and nine donations made during the past month.

The business session was concluded with the society benediction and Mrs. Pittenger, program leader, gave readings entitled, "Sorry I'm Too Busy"; "Satan's Auction" and also entertained the members, with several piano selections.

Mrs. James Roof Is Hostess To Club Members

Members of the Starlight Club were entertained at the home of Mrs. James Roof, Wednesday evening for a spaghetti dinner, with Mrs. Glen Burnett, as co - hostess.

A Halloween theme was carried out in the table decorations and following the dinner hour a short business session was conducted by the president, Miss Mildred Wackman, during which a discussion was held on the project which is the sale of Christmas cards.

The remainder of the evening was spent in playing progressive euchre, with Mrs. Alex Wackman, receiving the first award, Mrs. Merrill Hoppes, second, Mrs. Marlyn Reno third and Miss Louise Little, was presented with the travelling prize.

Members present were: Miss Mildred Wackman Mrs. Homer Wilson Jr., Mrs. Herky Coe, Mrs. Elmer Nichols, Mrs. Merrill Hoppes, Mrs. Ed Bonner, Mrs. Meade Noble, Mrs. Jasper Flowers and Mrs. Alex Wackman.

Mrs. Marlyn Reno and Miss Louise Little were included as guests.

plus, including small tools which had been made available to the district schools through a government warehouse in Columbus and at a nominal price. He said that the board purchased a quantity of this surplus for the school shop and that a part of the material was unsuitable for school purposes.

He said that a few of these items were resold to board members at the invoiced price, and that such sales to school officials seemed to be a widespread practice throughout the state. "Since all money received went into the school treasury, we did not regard the transactions as violations of the law, and certainly there was no intent of fraud", Little said. He added that "every cent collected was entered in my books, and the entire sum went back into the schools' funds."

* * *

FURTHER ALONG in the report the examiner says:

In a previous examination of this district covering the period from Sept. 9, 1948, to Jan. 2, 1953, a finding for recovery in the amount of $813.11 was made against Alvin G. Little, clerk of the board of education. These payments were for supplies sold to the Jefferson Local School District. There is no record of payment of these findings in the current or previous examination."

(Reference is made to Sect. 2919.-09 which says in part: "No person, holding an office of trust or profit, by election or appointment, or as agent, servant, or employee of such officer or of a board of such officers, shall be interested in a contract for the purchase of property, supplies, or fire insurance for the use of the county, township, municipal corporation, board of education, or a public institution with which he is not connected, if the amount of such contract exceeds the sum of 50 dollars, unless such contract is let on bids advertised as provided by law".)

* * *

LITTLE WHO operates a furniture store in Jeffersonville, told the Record-Herald that the $813 finding referred to represented school furnishings and supplies which he had furnished to the board as a convenience, and that the invoiced prices were always comparable and sometimes below prices quoted by other suppliers

He said his personal records showed the following items: 26 large window shades for school rooms at a price of $585.06 which was below the price quoted in an estimate from the board's regular supplier; 21 lunchroom trays, recommended by a state examiner, at a total price of $123.48; a $19.85 kitchen cabinet for the lunchroom; a $24.30 charge for gymnasium floor-fix plus labor of laying it, and charges of $31.56, $11.28 and $17.48 for large size light bulbs in quantities not carried by local stores.

Little said that he was later told that such sales through his own store were technically illegal since he was associated with the board, and that with this understanding he made no further sales to the board. "In each case," Little said, "the board paid for value received and there was no intent to defraud."

The report compliments Little on the neatness of the board's minutes, pointing out that prescribed journals were kept by the clerk

The report also notes that Jefferson District funds in the sum of $14,676 were transferred to Miami Trace District when the consolidation was effected.

Jefferson Board members at the time of the consolidation were Ancel Creamer, president; Martin Campbell, vice president, Kermit Knox, Robert Owens and Eugene Avey.

PAINT DISTRICT

The examiner's report, covering the period of Sept. 9, 1955, to Jan. 7, 1956, is critical of Paint district's records which he terms "incomplete and poorly maintained." The report says further: "As noted in the previous examination, the clerk failed to post any receipts or disbursements to the lunchroom fund in the cash journal, but had posted same in the general fund. . . . .The County Board of Education adopted a motion on May 26, 1956, to appoint A. C. Zimmerman to correct and balance the records of Paint Local School District."

The report says further: "The appropriations journal was incomplete and inaccurate. . . .There was no evidence of purchase orders having been used or certification of funds by the clerk."

In reference to the criticism of the board's books, John Hidy, who was clerk during the audit period, told the Record-Herald: "The job was wished on me, and I did the best I could with it. I am not a bookkeeper, and I tried to function the best I knew how in a job nobody else seemed to want."

Continuing, the examiner says: "This district operated one lunchroom to provide a hot lunch program. This lunchroom averaged about 38 meals per day and the cook's salary was $100 per month. Due to this low volume and the expenses of operation, a deficit balance in the lunchroom was inevitable. The daily and monthly lunchroom records. . . .would not check with the deposits. Deposits were $23.03 more than the above named records totaled.

"Both the principal and clerk were interviewed and gave the information that some credit was extended in the lunchroom, and in their opinion this caused the difference between funds deposited and totals reported. The final SL7 (form) for Dec. 22, 1955, listed 61 free meals and no cash sales on that date. The principal indicated that this figure represented meals charged but unpaid to date."

Referring to the lunchroom report, Hidy said: "The lunchroom was not operated as a money-making venture, but to provide meals for the children. We tried to find a yardstick for lunchroom operation but we were never able to run it like a private business. There were needy children to feed, and we saw to it that they didn't go hungry.".

After listing a $37.74 payment (for a school lunchroom china closet) to a school employe as a violation of legal procedure, the Paint report says:

"In a recheck of the records of the last two previous audits, it was noted that supplies were purchased from the Sedalia Grain and Lumber Co. Mr. John Hidy, who was clerk and a member of the board of education of Paint District was employed by the Sedalia Grain and Lumber Co. during the time these purchases were made."

Following this is a list of nine transactions dating from Jan. 23, 1952, to April 21, 1955, totaling $1,026. The report notes that no bills or invoices were attached to two of the vouchers in the transactions named.

Hidy said these payments represented paint and materials supplied by the Sedalia firm for repairs at Yatesville and Bookwalter schools while he was manager of the company. "It is true that we supplied this material, but we charged it at wholesale prices which saved the board from 25 to 30 per cent, and everybody felt that this was more important than who sold it."

"I might add," Hidy said, "that I, other members of the board and our wives did a major part of the repair work and the redecorating without a cent of expense to the district, simply because we wanted a nice school and we wanted it badly. I can't see that we did anything wrong by saving the taxpayers money."

The report states that Paint District funds in the sum of $2,165.17 were transferred to the Miami Trace District when the consolidation was affected. The board roster at the time of the consolidation included Leonard Miller, president; Leonard LeMaster, vice president; Hidy, clerk - member; Raymond Huff and Forest Lansing.

BLOOMINGBURG

The examiner's report, covering the period of Aug. 18, 1955, to Dec. 31, 1955, as well as a recheck of previous audits calls attention to a number of payments which the examiner labels "illegal."

The report speaks of the clerk's neatly typed minutes, but notes that one $75 payment to a school executive for travel expenses, although accompanied by a notarized statement from the payee, lacked additional supporting evidence as required by law.

Under a general heading of "Illegal Payments," the examiner cites payments totaling $15.05 to two women employes of the school district as reimbursement for school lunchroom supplies and adds that "no employe of a board of education shall be interested in a contract for the purchase of supplies."

Reference also is made to reimbrusements during the previous audit period to another woman employe, for lunchroom supplies in the amount of $99.37. The total, according to the examiner, "represents numerous small payments for eggs, tomatoes and apples."

William J. Purcell, board clerk, told a representative of this newspaper that the payments simply were reimbursements for supplies used in the lunchroom and that the board regarded the payments as moral obligations, since the supplies had been ordered and delivered. "There was no intent to violate any law," he said.

* * *

THERE ALSO is a notation that during 1952 two purchases totaling $398 were made from the Armbrust Concrete Products Co., adding that at the time of the purchases E. F. Armbrust had a proprietary interest in the firm while also serving as a member of the Union Local School District Board

Lunchroom reports are covered in the following paragraphs:

"The board operates one cafeteria to provide a hot lunch program for students and faculty. During the period covered by this examination, $502.90 was transferred from general to lunchroom fund.

"It will be noted on the financial statement that lunchroom sales during this audit totaled $4,187.89.

"The audit of the lunchroom fund records revealed that there was no reconciliation between the SL-7 daily worksheet, the SL-5 claim for reimbursement or the above total deposits. Although this comparison reflected more money deposited than the totals of above mentioned SL-5 and SL-7 forms, there is no way to determine the correct amount that should have been deposited as above records do not agree. The clerk stated he did not maintain or check lunchroom records, but merely banked receipts turned over to him by personnel. Investigation reveals that these differences were due mainly to two reasons:

"1. A board policy of doing a great amount of credit business on school lunches.

"2 Commingling of school activity funds with the lunchroom fund by the board, purchasing supplies for a School Carnival and being reimbursed for the cost of these supplies from the Activity Fund which was entered as a receipt in lunchroom sales by the clerk."

* * *

THE EXAMINER notes that at the time of consolidation with Miami Trace District, Bloomingburg funds in the sum of $23,804 were transferred to the new district.

Members of the Bloomingburg board at the time of consolidation were Howard Nessell, president; Gordon Cowdery, vice president; Elmer Simerl, Glen Heistand and Jesse Schlichter, with Purcell as clerk.

SCHOOL FACTS NO. 2

Miami Trace NEEDS a survey in the worst way. They do not seem to know what they have or are so blinded by the prospect of getting to spend over 2 million dollars of our money they do not want to admit the facts.

Our Miami Trace district has 106 classrooms. 106 times the state recommended 30 pupils per room gives us a total capacity of 3180 pupils. We only have 2741 pupils enrolled leaving EXTRA SPACE FOR 439 MORE CHILDREN THAN WE ACTUALLY HAVE. Miami Trace enrollment is DOWN 100 pupils under last year's enrollment. DO WE NEED 900 MORE empty seats? 900 plus 439 would give us 1339 EMPTY SEATS. HOW DO WE FILL THESE EMPTY SEATS? HOW MANY PRESENT GOOD BUILDINGS WOULD BE ABANDONED TO ELIMINATE 1339 EMPTY SEATS? THIS WILL GIVE YOU AN IDEA:

ABANDON	PUPILS
Jeffersonville High School	317
Bloomingburg High School	117
Wayne High School	77
Madison Mills High School	57
Milledgeville Elementary	177
Olive-Green Elementary	80
Bookwalter Elementary	143
Marion Elementary	80
Staunton Elementary	109
N. Martinsburg Elementary	40
TOTAL ENROLLMENT OF ABOVE SCHOOLS	1197

All the above schools not only can but MUST be abandoned if the proposed Miami Trace Bond Issue passes and even then we would still have 142 empty seats.

HAS MIAMI TRACE TOLD YOU THIS?

Can we afford to discard these schools and mortgage our farms for $9.11 per acre in additional taxes to do it?

SCHOOL FACTS NO. 2

Miami Trace NEEDS a survey in the worst way. They do not seem to know what they have or are so blinded by the prospect of getting to spend over 2 million dollars of our money they do not want to admit the facts.

Our Miami Trace district has 106 classrooms. 106 times the state recommended 30 pupils per room gives us a total capacity of 3180 pupils. We only have 2741 pupils enrolled leaving EXTRA SPACE FOR 439 MORE CHILDREN THAN WE ACTUALLY HAVE. Miami Trace enrollment is DOWN 100 pupils under last year's enrollment. DO WE NEED 900 MORE empty seats? 900 plus 439 would give us 1339 EMPTY SEATS. HOW DO WE FILL THESE EMPTY SEATS? HOW MANY PRESENT GOOD BUILDINGS WOULD BE ABANDONED TO ELIMINATE 1339 EMPTY SEATS? THIS WILL GIVE YOU AN IDEA:

ABANDON	PUPILS
Jeffersonville High School	317
Bloomingburg High School	117
Wayne High School	77
Madison Mills High School	57
Milledgeville Elementary	177
Olive-Green Elementary	80
Bookwalter Elementary	143
Marion Elementary	80
Staunton Elementary	109
N. Martinsburg Elementary	40
TOTAL ENROLLMENT OF ABOVE SCHOOLS	1197

All the above schools not only can but MUST be abandoned if the proposed Miami Trace Bond Issue passes and even then we would still have 142 empty seats.

HAS MIAMI TRACE TOLD YOU THIS?

Can we afford to discard these schools and mortgage our farms for $9.11 per acre in additional taxes to do it?

Appliances To Be Rented In Future

CLEVELAND (AP)—A magazine editor predicted here today that homemakers of the future will not have to buy stoves, refrigerators, washers and other appliances.

Addressing a meeting of advertising agency executives, Walter J. Campbell, editor of "Steel" magazine, said manufacturers would make the appliances available through a service policy on loan or at nominal rent. At the end of five years the manufacturers will recall the used appliances and replace them with new ones without any capital outlay by the householder, he said.

Campbell said the loan or rental system of marketing appliances would be made necessary by the coming of more completely automated metalworking plants.

"Automation requires a steady market," he said. "Otherwise we cannot justify the tremendous capital investment in the plant and machinery required for a completely automated plant."

The magazine editor said the new types of energy released by the atom and controlled by the electron will do more to stimulate growth of the metalworking industry during the next 20 years than anything that has happened to date.

Campbell described metalworking as the world's greatest industry, but said the industry's present sales volume will look small in a few years. He also predicted that the trend toward larger advertising expenditures would continue.

State Auditor's Examinations Now On Current Basis

COLUMBUS, Ohio (AP)—Required examinations of all taxing districts and political subdivisions are on a current basis for the first time in half a century, State Auditor James A. Rhodes reports.

The auditor said Wednesday many of the examinations were from six to eight years overdue. They are made by the Bureau of Inspection and Supervision of Public Offices established in 1902 by the Legislature. The bureau operates under Rhodes' direction.

"By the end of 1956, audits in every political subdivision will be brought up to date," Rhodes reported. "During the past 3½ years we have findings in cases where there was a clear embezzlement of public funds, but in the overwhelming majority of cases we found public officials capable and honest."

'Flying Saucers' Sought by Cleric

COVINGTON, Ky. (AP)—A space-minded clergyman with early reasons wants the city commission to permit "flying saucers" to be dropped on the city.

The Rev. John Longworth requested the action, explaining that dropping the objects from an airplane would help promote a youth revival meeting.

Mr. Longworth, pastor of the Covington Revival Center, didn't explain the nature of the "saucers." City manager Oscar Hesch was directed to obtain a sample model before action is taken on the request.

Bender Battles To Save His Political Life

5-Term Gov. Lausche May Prove To Be too Powerful an Opponent

By REED SMITH

COLUMBUS, Ohio (AP)—Republican George H. Bender, a consistent Eisenhower backer, is waging the fight of his political life to retain his seat in the United States Senate. He was elected to the Senate in 1954 to fill the unexpired term of the late Robert A. Taft.

The man trying to unseat him is Frank J. Lausche, Ohio's five-term Democratic governor.

Most political observers, looking back at Lausche's vote getting prowess, can't predict a Bender victory.

Lausche is rounding out five terms as Ohio's chief executive, two more than any other man. He left a private law practice in 1932 to become first a judge and then the mayor of his home city of Cleveland before moving to the governor's office.

The governor's comparatively quiet unpretentious campaign technique consists of very little speech-making, few appearances at formal political gatherings. But he shakes thousands of hands at county fairs, civic functions, dedications and private organization gatherings.

Bender, conducting a strenuous campaign, is a veteran of 40 years in public life. He served five terms in the Ohio Senate, and seven as U.S. representative-at-large before beating Thomas A. Burke, Lausche's interim appointee for the Taft senate seat, in 1954. Bender's margin over Burke was only 3,000 votes.

He has keyed his drive for re-election to a record of unvarying support of President Eisenhower. President Eisenhower and Vice President Nixon, along with other top GOP brass, have visited Ohio in his behalf.

Bender repeats over and over that Eisenhower needs a Republican Congress. He fumes over Lausche's failure to meet him face-to-face to debate campaign issues.

But failing in that, Bender has turned to an energetic program of trying to meet personally as many voters as possible in addition to almost daily speeches at political rallies.

Driving into small towns, he makes a practice of visiting a barber shop, bank and tavern, where he says he gets a cross section of public opinion.

But he continues to needle Lausche about "silence on the issues," calls his opponent "a part-time Republican, a part-time Democrat, and where it serves his purpose, a part-time independent."

Lausche replies that he will "not engage in a shouting contest" with Bender and adds: "My conviction is deep that nothing either I or my opponent can say or do in the brief period of a month will change the reality of the good or bad which we have done."

Politicians say Lausche has been able to remain in office in a nominally Republican state by attracting GOP votes without losing too much Democratic support despite almost constant feuding with party chairmen.

Lausche has criticized the Eisenhower administration's soil bank program as beneficial to big farmers but of little or no help to small family farms of about 100 acres. He complains of that he calls "federal encroachment" on functions of state and local governments.

OSU Books OKd

COLUMBUS (AP) — Ohio Auditor James A. Rhodes wrote a letter Wednesday to Dr. Howard L. Bevis, retired president of Ohio State University, reporting that books and records were "in conformity with the statutes of Ohio" during Dr. Bevis' tenure.

Bender, conducting a strenuous campaign, is a veteran of 40 years in public life. He served five terms in the Ohio Senate, and seven as U.S. representative-at-large before beating Thomas A. Burke, Lausche's interim appointee for the Taft senate seat, in 1954. Bender's margin over Burke was only 3,000 votes.

He has keyed his drive for re-election to a record of unvarying support of President Eisenhower. President Eisenhower and Vice President Nixon, along with other top GOP brass, have visited Ohio in his behalf.

Bender repeats over and over that Eisenhower needs a Republican Congress. He fumes over Lausche's failure to meet him face-to-face to debate campaign issues.

But failing in that, Bender has turned to an energetic program of trying to meet personally as many voters as possible in addition to almost daily speeches at political rallies.

Driving into small towns, he makes a practice of visiting a barber shop, bank and tavern, where he says he gets a cross section of public opinion.

But he continues to needle Lausche about "silence on the issues," calls his opponent "a part-time Republican, a part-time Democrat, and where it serves his purpose, a part-time independent."

Lausche replies that he will "not engage in a shouting contest" with Bender and adds: "My conviction is deep that nothing either I or my opponent can say or do in the brief period of a month will change the reality of the good or bad which we have done."

Politicians say Lausche has been able to remain in office in a nominally Republican state by attracting GOP votes without losing too much Democratic support despite almost constant feuding with party chairmen.

Lausche has criticized the Eisenhower administration's soil bank program as beneficial to big farmers but of little or no help to small family farms of about 100 acres. He complains of that he calls "federal encroachment" on functions of state and local governments.

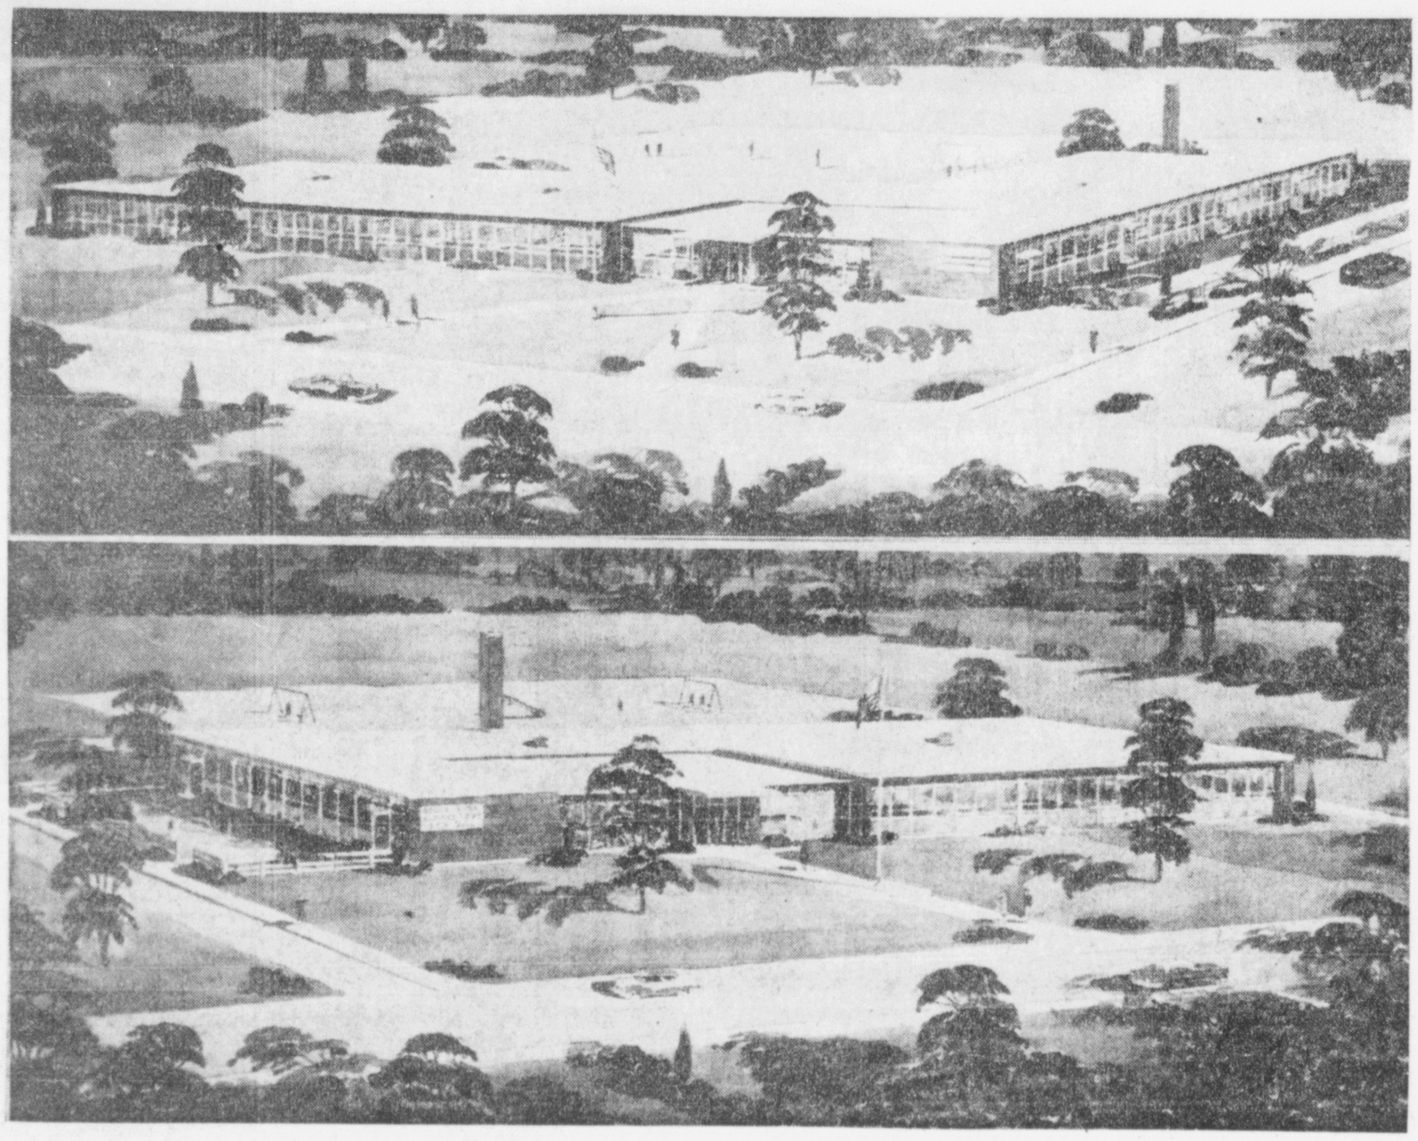
Here Are Proposed New City School Buildings



THESE ARE ARCHITECT'S DRAWINGS of two new city elementary schools as proposed in a $645,000 bond issue to be submitted to the voters Nov. 6. At top is the proposed 15-classroom Eastside School at Elm and Willard Sts. which would replace the present antiquated 8-room Eastside building. Below is a drawing of the proposed new 8-room Belle Aire elementary school which would be built in the fast-growing southern section of the city

Plans for two new elementary school buildings and additions to two of the present buildings to meet the anticipated increasing enrollment in the future as well as the immediate urgent need for more classrooms have been approved by the Washington C. H. Board of Education

To carry out this building program, the school board has submitted a $645,000 bond issue proposal to be voted on at the Nov. 6, election.

The proposed two new buildings would be erected in different sections of the city if the bond issue is approved by the voters. One of them would be a 15-room building on the east side of the city at the corner of Elm and Willard Sts. The other would be in Belle Aire in the southern part of the city on High St. and Comfort Lane.

* * *

OF THE TWO, the Eastside building would be the larger, with 15 classrooms, one of which would be for a kindergarten and another for speeial education classes for what are termed slow learners. Either or both of these two rooms could be used as regular classrooms later if the need arose, it has been pointed out.

The new building in Belle Aire would have eight classrooms, one of which would be for a kindergarten, but suitable for a regular classroom if needed.

The two buildings would be of similar one-floor design and construction, with walls of cement block and brick with glass windows along their entire length of the upper two thirds. The floors of the corridors would be of terazza or asphalt tile and those of the classrooms of asphalt or a new plastic tile Both buildings would be fireproof, in accordance with the specifications of the state building code for schools.

* * *

THE CLASSROOMS would be of the same size, 27 by 33 feet, to accommodate 30 pupils, the maximum class size approved by the state.

Plans for both new buildings have been stripped to the essentials; no provision has been made for cafeteria or kitchen or special multi-purpose room. However, in each building, the plans call for a folding partition between two of the rooms so they can be thrown together for an assembly room or meeting place that could seat as many as 260 people— for special programs for the pupils or Parent-Teacher Association meetings.

Each of the buildings has been designed by McLaughlin and Kiel, Lima architects, so that more rooms may be added if needed.

The board has an agreement with the Ohio Water Service Co. for the purchase of the 29-acre tract on Elm and Willard Sts. for the proposed Eastside building for $1,000 an acre. This, the board feels, will give ample room, not only for the building but also for a playground.

The building itself would be in the form of a modified L, 256 feet along one side and 132 feet along the other side, or bottom wing of the L. Thus, one wing would extend along one street and the other wing along the other street The main entrance would be on the longer side near the corner. There also would be three other entrances, one at the end of each wing and one opening on the playground in the rear.

* * *

G. DAMON BAKER has offered a site for the Belle Aire building on Comfort Lane on whichever side of High St. the board may select.

This building would be rectangular in shape and about the size of the one longer wing of the proposed Eastside building. The classrooms would be on both sides of the main corridor. There would be entrances at about the center, at each end and in the back on the playground.

The proposed Eastside building is designed to provide seven additional classrooms and eight classrooms to replace the eight in the present old Eastside building, which would be abandoned. Some of the 237 pupils now going to school in eight emergency classrooms would go to the new Eastside building along with the children now crowded into the present old Eastside School

The proposed Belle Aire School is designed to take care of the children in the fast growing southern section of the city, relieving some of the congestion in the present Sunnyside School on S. Fayette St., more than eight blocks away, and taking care of some of those now being transferred to other districts and emergency classrooms.

Letter to the Editor

EDITOR, RECORD-HERALD:

Does the Rural Parents Assn., know what it is doing?

Is it contributing any important effort toward the improvement of the Fayette County School situation?

Let's look at the record.

Did any school board in Fayette County or any school administrator, including the county superintendent, make any move to establish the Citizens Committee under the law of Ohio, effective Oct. 5, 1955, which says shall be established in each county, and by action of the "Fact Finders" program was so-County Board?

No. — This effort had to be made by the leaders of RPA.

Did the Miami Trace or County Board inform Fayette County people of the recommendations of the school plant section at OSU, made when its approval of the licited?

No. — The release of this important statement — that the school problems of Fayette County and Washington C. H. were so interwoven that a common solution was vital, had to be made by RPA.

Did the Miami Trace or County Board tell the people of Fayette County of the state auditor's release to "all school boards in Ohio," recommending surveys by outside, qualified organizations, and joint participation by boards?

No. — RPA had to make this release to the people.

Did the County Board or Miami Trace Board in any way inform the people of the House Resolution No. 148, or its potential impact on this county if translated into legislation?

No. — The RPA had to make this release.

In fact, these two school boards, the County Board and Miami Trace Board seem to have acquired the Oriental trait of "saving face." They are so dedicated to saving face, or supporting their previously decided upon course of action that they refuse to inform the people of any recommendation, suggestion or law which points in the direction of united, ALL County action in school operations.

Who is it that says the people of Fayette County should fear one another, be jealous of one another, and build separate segregated school systems in Fayette County?

The rural boards.

It is the County and Miami Trace Board leaders who attempt to frighten rural people by raising the false bogies of unequal taxes, loss of representation, raising of inferiority complex feelings and creating an atmosphere of "Fear Not Faith."

It is the Rural Parents Assn. which works for cooperation between rural and city people for non-segregated education in Fayette County and for any joint investigation which holds hope for better education with lower taxes for all taxpayers

Does the County Board or county superintendent tell the people of Fayette County that in a consolidated county such as Fayette, with only one local school district, that we are in the position of having a two-headed monstrosity — two school boards to administer a single district?

Does either the County Board or the Miami Trace Board tell the people of Fayette County that this duplicates the fixed costs of administration without increasing efficiency?

No. — The Miami Trace Board tries to tell us that this split-headed situation costs us nothing.

They do not tell us that the costs of County Board operation are deducted from the State Foundation allotment to the Miami Trace District and consequently are passed right back to the local taxpayers.

RPA has to make this situation known to the people.

In fact, the citizens and taxpayers can be assured that under an out-dated policy which gave control to the County Board and and makes Miami Trace subordinate to the County Board, they will not be given any information or recommendations pointing towards further possible consolidation, or joint action with the City District because such consolidation or joint action could lead to the elimination of the County Board and its administrative organization.

In other words, an empire of power and pay checks could be at stake and in such a situation the interests of the children and taxpayers becomes secondary.

Remember, the RPA is an organization of parents, farmers, land owners, taxpayers and citizens—not an organization to perpetuate school administrative empires.

Would not good sense tell us that RPA would be interested in better schools, better community relations and lowered tax burdens.?

Would not common sense tell us that school administrators or school organizations who fear elimination or curtailment of their power or jobs, resulting from community cooperation, would work to keep us apart, and in fact, place obstacles in the path of unity and cooperation?

Stop and think! How much more fear creating propaganda can you abso b?

How do you want your children to be educated? In a house of fear, jealousy and forced segregation?

Do you honestly think this will fit your children for life and work with city people?

How much unnecessary, extra tax burden can your family afford to pay for personal empire school programs?

Stop and think!

Can't you agree that before we spend more millions of dollars in Fayette County for the school programs proposed, without thorough investigation and cooperation, it would be wiser and better to find out if there is a better way?

We farmers accept and appreciate the value of improved knowledge and know how, represented by the development of hybrid seeds, improved drugs and compounds in animal health and growth, improved machinery and new labor savings developments, improved transportation and better roads, new means of communication, better health, medicines and better homes for our families.

Can we not also accept the fact that there may be a better way to approach the problems of education and educational costs than those based on the practices of the past?

Let's translate our beliefs in a better way, by voting against the Miami Trace Bond question, and demanding a survey and joint action for all the people.

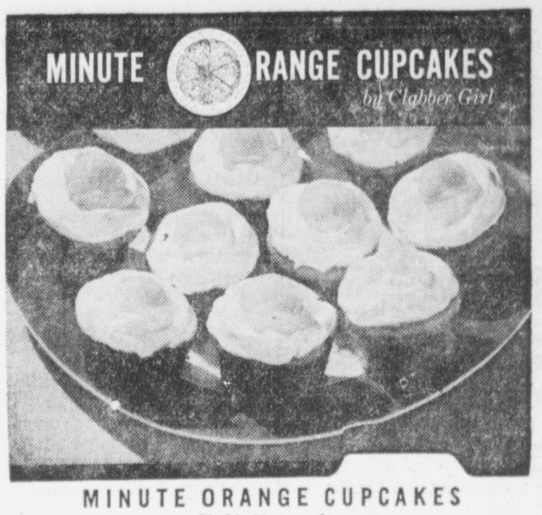
Wheat started ⅝ lower to higher, December $2.33¼-⅜, corn unchanged to ¾ lower, December $1.37⅛-$1.36¾, oats ⅛ lower to ⅜ higher, December 79⅞-80, and soybeans, ¾ lower to ¼ higher, November $2.43-$2.42¾.

IT'S SO EASY TO PLACE A WANT AD.



MINUTE ORANGE CUPCAKES

Yield: 12 cupcakes

1 cup sifted all-purpose flour	*1½ teaspoons grated orange rind*
1½ teaspoons Clabber Girl Baking Powder	*¼ cup shortening*
¾ teaspoon salt	*⅓ cup milk*
½ cup sugar	*½ teaspoon vanilla extract*
	1 egg

Sift together flour, Baking Powder, salt, and sugar into mixing bowl. Add orange rind, shortening, milk, and vanilla. Stir until blended; then beat vigorously for two minutes (150 strokes per minute by hand, or medium speed of electric mixer). Add egg; beat vigorously 1 minute as before. Keep batter scraped from sides and bottom of bowl. Fill 12 2½-inch greased and floured muffin cups half full of batter. Bake in a 375°F (moderate) oven about 20 minutes. Frost with chocolate butter frosting.

Letter to the Editor

EDITOR, RECORD-HERALD:

Does the Rural Parents Assn., know what it is doing?

Is it contributing any important effort toward the improvement of the Fayette County School situation?

Let's look at the record.

Did any school board in Fayette County or any school administrator, including the county superintendent, make any move to establish the Citizens Committee under the law of Ohio, effective Oct. 5, 1955, which says shall be established in each county, and by action of the "Fact Finders" program was so-County Board?

No. — This effort had to be made by the leaders of RPA.

Did the Miami Trace or County Board inform Fayette County people of the recommendations of the school plant section at OSU, made when its approval of the licted?

No. — The release of this important statement — that the school problems of Fayette County and Washington C. H. were so interwoven that a common solution was vital, had to be made by RPA.

Did the Miami Trace or County Board tell the people of Fayette County of the state auditor's release to "all school boards in Ohio," recommending surveys by outside, qualified organizations, and joint participation by boards?

No. — RPA had to make this release to the people.

Did the County Board or Miami Trace Board in any way inform the people of the House Resolution No. 148, or its potential impact on this county if translated into legislation?

No. — The RPA had to make this release.

In fact, these two school boards, the County Board and Miami Trace Board seem to have acquired the Oriental trait of "saving face." They are so dedicated to saving face, or supporting their previously decided upon course of action that they refuse to inform the people of any recommendation, suggestion or law which points in the direction of united, ALL County action in school operations.

Who is it that says the people of Fayette County should fear one another, be jealous of one another, and build separate segregated school systems in Fayette County?

The rural boards.

It is the County and Miami Trace Board leaders who attempt to frighten rural people by raising the false bogies of unequal taxes, loss of representation, raising of inferiority complex feelings and creating an atmosphere of "Fear Not Faith."

It is the Rural Parents Assn. which works for cooperation between rural and city people for non-segregated education in Fayette County and for any joint investigation which holds hope for better education with lower taxes for all taxpayers

Does the County Board or county superintendent tell the people of Fayette County that in a consolidated county such as Fayette, with only one local school district, that we are in the position of having a two-headed monstrosity — two school boards to administer a single district?

Does either the County Board or the Miami Trace Board tell the people of Fayette County that this duplicates the fixed costs of administration without increasing efficiency?

No. — The Miami Trace Board tries to tell us that this split-headed situation costs us nothing.

They do not tell us that the costs of County Board operation are deducted from the State Foundation allotment to the Miami Trace District and consequently are passed right back to the local taxpayers.

RPA has to make this situation known to the people.

In fact, the citizens and taxpayers can be assured that under an out-dated policy which gave control to the County Board and and makes Miami Trace subordinate to the County Board, they will not be given any information or recommendations pointing towards further possible consolidation, or joint action with the City District because such consolidation or joint action could lead to the elimination of the County Board and its administrative organization.

In other words, an empire of power and pay checks could be at stake and in such a situation the interests of the children and taxpayers becomes secondary.

Remember, the RPA is an organization of parents, farmers, land owners, taxpayers and citizens—not an organization to perpetuate school administrative empires.

Would not good sense tell us that RPA would be interested in better schools, better community relations and lowered tax burdens.?

Would not common sense tell us that school administrators or school organizations who fear elimination or curtailment of their power or jobs, resulting from community cooperation, would work to keep us apart, and in fact, place obstacles in the path of unity and cooperation?

Stop and think! How much more fear creating propaganda can you absorb?

How do you want your children to be educated? In a house of fear, jealousy and forced segregation?

Do you honestly think this will fit your children for life and work with city people?

How much unnecessary, extra tax burden can your family afford to pay for personal empire school programs?

Stop and think!

Can't you agree that before we spend more millions of dollars in Fayette County for the school programs proposed, without thorough investigation and cooperation, it would be wiser and better to find out if there is a better way?

We farmers accept and appreciate the value of improved knowledge and know how, represented by the development of hybrid seeds, improved drugs and compounds in animal health and growth, improved machinery and new labor savings developments, improved transportation and better roads, new means of communication, better health, medicines and better homes for our families.

Can we not also accept the fact that there may be a better way to approach the problems of education and educational costs than those based on the practices of the past?

Let's translate our beliefs in a better way, by voting against the Miami Trace Bond question, and demanding a survey and joint action for all the people.

State Gets Island

COLUMBUS (AP)—The state auditor's office has received a deed for 412 acres of Kelly's Island in Lake Erie, a gift to the state from the Cleveland Museum of Natural History. The state plans to use the land for development of a state park.

Other than for use in buildings, Vermont marble is also used in toothpaste, paint and rouge.

U. S. Retailers Agree This Is Big Sales Year

Competition Very Keen As Discount Houses Vie for Trade Volume

By SAM DAWSON

NEW YORK (AP)—Retailers are agreed this will be the biggest year for total retail sales. But for what kind of stores and which particular ones?

Competition rarely has been fiercer than it is this fall between the discount houses and the conventional stores, the cut-price catalogs and the small town appliance or furniture shops, the big retail chains and the small merchant, those who stick to list prices and those who undersell.

Frequently the competition is deadly—the retail morality rate has increased in recent years. The latest Census Bureau count (1954) showed fewer retail stores than in 1948, although sales totals were sizably higher and so was the number of customers to be served.

Most of the competitive methods used are old. They just hurt more now in a buyers' market tipping the scales of profit and loss.

And the faces of the competitors are changing. Discount houses first relied on direct mail or word of mouth advertising. They still send out their catalogs. But they also advertise now in the newspapers. They are setting up branch stores and growing into chains. They are beginning to offer the services they scorned in the early days of relying solely on cut prices. Some will deliver, sell on time, offer their own guarantees.

Their old-line competitors are changing, too. Some big department stores cut prices to meet the discount house figure. Others push their trade-in plans, their cut price warehouse sales, or trim some costlier services.

Smaller stores right back to meet the competition of lower prices. A group of 100 home furnishings retailers in the Rocky Mountain and Pacific Coast states has just been formed to do mass buying of furniture, carpets, and appliances. This way they hope to offset the inroads of the discount catalogs. This buying group is just the latest in an increasing total of them in the retail field.

Catalog selling, on the other hand, is also in the increase. A radio commercial urges you to send for a catalog listing vitamins at great savings. A leading five-and-ten variety store (Woolworth) is entering the catalog field for the first time. Other chains are there ahead of it. Cut prices on appliances was the original big lure. Now furniture, jewelry, furs, drugs and imported foods are included.

There can be both real and deceptive price cutting. The Assn. of Better Business Bureaus has just opened a drive against any advertisement or catalog with exaggerated or untrue claims of price reductions. These methods include inflated list prices at the manufacturing level, or retail raising of prices before they are "cut."

Paprika, added to the seasoned flour in which chicken pieces are rolled before frying, helps give attractive brown color.

News Analyst Sees Russian Satellite Empire Tottering

By WILLIAM L. RYAN
Ap Foreign News Analyst

A Khrushchev experiment has blown up in the faces of the Soviet Communist leaders.

Unless the Russians take forceful measures to guard against new outbreaks like those in Poland and Hungary, they stand to lose their satellite empire eventually. The policies of Communist boss N. S. Khrushchev have paralyzed the Soviet Union.

The Kremlin today is likely undergoing an agonizing reappraisal. The result can mean the end of Khrushchev as the boss, the re-emergence of Georgi M. Malenkov and a vindication — from the Soviet viewpoint — of former Foreign Minister V. M. Molotov.

Khrushchev's experiment was with relaxation of controls, not only over populations, but over the parties in the satellite nations.

One aim was to secure the new post-Stalin regime at home by giving it the look of a regime which would be liberal in comparison with the iron rule of Stalin.

The second aim—and probably more important—was in the field of foreign policy. Relaxations inside the Soviet Union and in the satellite countries were intended to free the Soviet Union of the taint of colonialism—the weapon with which Khrushchev was going to belabor the West in a contest for influence in Asia and the Middle East.

Both goals have vanished in the explosions in Poland and Hungary.

The use of Soviet troops in Hungary—and the threat to use them in Poland—presents the U.S.S.R. to the outside world as a nation of harsh colonialists keeping its control by armed force and political oppression.

This is a costly propaganda defeat for the Russians, both at home and abroad.

A scapegoat will have to be found. The likely candidate is Khrushchev, since the whole thing can be pinned on him.

Arab Army Chiefs Plan Inspection

AMMAN, Jordan (AP) — Heads of three Arab armies will visit the tense Israeli-Jordan frontier within the next two days, an official Jordan spokesman announced.

The spokesman said Egypt's army commander, Gen. Abdel Hakim Amer, Syrian Army Chief of Staff en. Tewfik Nizam El Din and Jordan Army Chief of Staff Gen. Ali Abu Nuwar will visit the front lines in the next two days.

Amer and Nizam El Din have arrived in Amman for "talks coordinating military plans."

U. S. Retailers Agree This Is Big Sales Year

Competition Very Keen As Discount Houses Vie for Trade Volume

By SAM DAWSON

NEW YORK (AP)—Retailers are agreed this will be the biggest year for total retail sales. But for what kind of stores and which particular ones?

Competition rarely has been fiercer than it is this fall between the discount houses and the conventional stores, the cut-price catalogs and the small town appliance or furniture shops, the big retail chains and the small merchant, those who stick to list prices and those who undersell.

Frequently the competition is deadly—the retail morality rate has increased in recent years. The latest Census Bureau count (1954) showed fewer retail stores than in 1948, although sales totals were sizably higher and so was the number of customers to be served.

Most of the competitive methods used are old. They just hurt more now in a buyers' market tipping the scales of profit and loss.

And the faces of the competitors are changing. Discount houses first relied on direct mail or word of mouth advertising. They still send out their catalogs. But they also advertise now in the newspapers. They are setting up branch stores and growing into chains. They are beginning to offer the services they scorned in the early days of relying solely on cut prices. Some will deliver, sell on time, offer their own guarantees.

Their old-line competitors are changing, too. Some big department stores cut prices to meet the discount house figure. Others push their trade-in plans, their cut price warehouse sales, or trim some costlier services.

Smaller stores right back to meet the competition of lower prices. A group of 100 home furnishings retailers in the Rocky Mountain and Pacific Coast states has just been formed to do mass buying of furniture, carpets, and appliances. This way they hope to offset the inroads of the discount catalogs. This buying group is just the latest in an increasing total of them in the retail field.

Catalog selling, on the other hand, is also in the increase. A radio commercial urges you to send for a catalog listing vitamins at great savings. A leading five-and-ten variety store (Woolworth) is entering the catalog field for the first time. Other chains are there ahead of it. Cut prices on appliances was the original big lure. Now furniture, jewelry, furs, drugs and imported foods are included.

There can be both real and deceptive price cutting. The Assn. of Better Business Bureaus has just opened a drive against any advertisement or catalog with exaggerated or untrue claims of price reductions. These methods include inflated list prices at the manufacturing level, or retail raising of prices before they are "cut."

Paprika, added to the seasoned flour in which chicken pieces are rolled before frying, helps give attractive brown color.

News Analyst Sees Russian Satellite Empire Tottering

By WILLIAM L. RYAN
Ap Foreign News Analyst

A Khrushchev experiment has blown up in the faces of the Soviet Communist leaders.

Unless the Russians take forceful measures to guard against new outbreaks like those in Poland and Hungary, they stand to lose their satellite empire eventually. The policies of Communist boss N. S. Khrushchev have paralyzed the Soviet Union.

The Kremlin today is likely undergoing an agonizing reappraisal. The result can mean the end of Khrushchev as the boss, the re-emergence of Georgi M. Malenkov and a vindication — from the Soviet viewpoint — of former Foreign Minister V. M. Molotov.

Khrushchev's experiment was with relaxation of controls, not only over populations, but over the parties in the satellite nations.

One aim was to secure the new post-Stalin regime at home by giving it the look of a regime which would be liberal in comparison with the iron rule of Stalin.

The second aim—and probably more important—was in the field of foreign policy. Relaxations inside the Soviet Union and in the satellite countries were intended to free the Soviet Union of the taint of colonialism—the weapon with which Khrushchev was going to belabor the West in a contest for influence in Asia and the Middle East.

Both goals have vanished in the explosions in Poland and Hungary.

The use of Soviet troops in Hungary—and the threat to use them in Poland—presents the U.S.S.R. to the outside world as a nation of harsh colonialists keeping its control by armed force and political oppression.

This is a costly propaganda defeat for the Russians, both at home and abroad.

A scapegoat will have to be found. The likely candidate is Khrushchev, since the whole thing can be pinned on him.

Arab Army Chiefs Plan Inspection

AMMAN, Jordan (AP) — Heads of three Arab armies will visit the tense Israeli-Jordan frontier within the next two days, an official Jordan spokesman announced.

The spokesman said Egypt's army commander, Gen. Abdel Hakim Amer, Syrian Army Chief of Staff en. Tewfik Nizam El Din and Jordan Army Chief of Staff Gen. Ali Abu Nuwar will visit the front lines in the next two days.

Amer and Nizam El Din have arrived in Amman for "talks coordinating military plans."

Ike May Have Narrow Edge In Massachusetts Balloting

Editor's Note: Lere is another in a series of articles by veteran Associated Press political reporters who are surveying election sentiment in key states.

By RELMAN MORIN

BOSTON (AP) — The presidential race in Massachusetts, at this late stage, looks like a stride-for-stride contest going right down to the wire.

Doorbell ringing indicates that if there is an edge today, President Eisenhower has it.

Top Democrats rate Massachusetts as an "anchor" state for Adlai Stevenson. If they lose it, they are "out of business."

A member of the Republican high command said, "I think we have a small plus there, but the picture is fuzzy."

A key to the uncertainty lies in this typical comment from a Haverhill housewife, Mrs. Ernest Valente:

"I'm an independent. I like Mr. Eisenhower but I don't believe in voting just for personalities. I haven't decided."

Over and over again, in talking with people across the state, these two words, "independent" and "undecided" crop up.

The largest single group of voters in Massachusetts—usually estimated at about 40 per cent of the total — falls in the category of independents or "indies." They hold the balance in elections.

They swung to Eisenhower in 1952 when he won Massachusetts by nearly 209,000 votes. Four years earlier, President Truman defeated Gov. Thomas E. Dewey by 242,000 in a smaller total vote.

The "indies" no doubt account for the fact that Massachusetts has a U. S. senator from each major party, a 7-7 delegation in the House and a 3-3 split in the top offices of the state government as even as half and half a Boston coffee.

To make the picture complete, Massachusetts' electoral votes — now 16 — have gone seven times to each party in the 11 presidential elections since 1900.

This is a quicksilver group of voters, elusive, difficult to pin down.

What is likely to swing the "indies" this time? I've been all over and can't find anyone who really knows.

No single issues seems to be stirring voters.

A Marlboro housewife, complaining of the high cost of living, says, "I just can't make the budget stretch. If I thought Stevenson could do something about that, I might vote for him."

Under the International Farm Youth Exchange program, sponsored by 4-H, 125 U. S. boys and girls are visiting farms in European countries. At the same time 185 boys and girls from 50 foreign countries are visiting families on American Farms.

He Says He Forgot He Carried Dope

SAN RAFAEL, Calif. (AP) — Gerard P. Velasco told a jury he just plain forgot he was carrying marijuana when he went to San Quentin prison to visit his half brother.

Velasco, 27, a Hollywood piano player, testified in his superior court trial on charges of possessing narcotics and attempting to smuggle them into the prison.

"What a stupid thing for me to do," Velasco said he had exclaimed to the guards who checked him entering the prison.

Velasco said Hollywood musician friends had given him the marijuana as a sort of going away present. He testified he told the guards he had "used a little the night before and forgot I had it in my pocket."

Report on Ike Set for Sunday

WASHINGTON (AP) — A doctors' report on the "head to toe" physical examination President Eisenhower undergoes this weekend will be made public some time late Sunday, the White House says.

The President plans to enter Walter Reed Army Hospital here Saturday afternoon and return to the White House Sunday afternoon after completion of the exam.

Several weeks ago Eisenhower announced he would undergo a complete physical checkup in advance of the Nov. 6 election, and then report the outcome.

Ike May Have Narrow Edge In Massachusetts Balloting

Editor's Note: Lere is another in a series of articles by veteran Associated Press political reporters who are surveying election sentiment in key states.

By RELMAN MORIN

BOSTON (AP) — The presidential race in Massachusetts, at this late stage, looks like a stride-for-stride contest going right down to the wire.

Doorbell ringing indicates that if there is an edge today, President Eisenhower has it.

Top Democrats rate Massachusetts as an "anchor" state for Adlai Stevenson. If they lose it, they are "out of business."

A member of the Republican high command said, "I think we have a small plus there, but the picture is fuzzy."

A key to the uncertainty lies in this typical comment from a Haverhill housewife, Mrs. Ernest Valente:

"I'm an independent. I like Mr. Eisenhower but I don't believe in voting just for personalities. I haven't decided."

Over and over again, in talking with people across the state, these two words, "independent" and "undecided" crop up.

The largest single group of voters in Massachusetts—usually estimated at about 40 per cent of the total — falls in the category of independents or "indies." They hold the balance in elections.

They swung to Eisenhower in 1952 when he won Massachusetts by nearly 209,000 votes. Four years earlier, President Truman defeated Gov. Thomas E. Dewey by 242,000 in a smaller total vote.

The "indies" no doubt account for the fact that Massachusetts has a U. S. senator from each major party, a 7-7 delegation in the House and a 3-3 split in the top offices of the state government as even as half and half a Boston coffee.

To make the picture complete, Massachusetts' electoral votes — now 16 — have gone seven times to each party in the 11 presidential elections since 1900.

This is a quicksilver group of voters, elusive, difficult to pin down.

What is likely to swing the "indies" this time? I've been all over and can't find anyone who really knows.

No single issues seems to be stirring voters.

A Marlboro housewife, complaining of the high cost of living, says, "I just can't make the budget stretch. If I thought Stevenson could do something about that, I might vote for him."

Under the International Farm Youth Exchange program, sponsored by 4-H, 125 U. S. boys and girls are visiting farms in European countries. At the same time 185 boys and girls from 50 foreign countries are visiting families on American Farms.

He Says He Forgot

SAN RAFAEL, Calif. (AP) — Gerard P. Velasco told a jury he just plain forgot he was carrying marijuana when he went to San Quentin prison to visit his half brother.

Velasco, 27, a Hollywood piano player, testified in his superior court trial on charges of possessing narcotics and attempting to smuggle them into the prison.

"What a stupid thing for me to do," Velasco said he had exclaimed to the guards who checked him entering the prison.

Velasco said Hollywood musician friends had given him the marijuana as a sort of going away present. He testified he told the guards he had "used a little the night before and forgot I had it in my pocket."

Steel Men Fear Auto Plant Demand May Bring Scramble

NEW YORK (AP)—The size of automobile makers' demands for steel may mean the difference between a "comfortably tight" market and an all-out year-end scramble, the Iron Age, national metalworking weekly, said today.

Steel men fear that big demands by auto men would play havoc at a time when practically every other industry will be fighting for a preferred spot on order schedules, the magazine said.

Iron Age said Detroit has been holding back its demands for three reasons—production delays growing out of drastic model changes, hesitancy to load up rebelious dealers and willingness to let the mills be their "warehouse" as they did before the sellers' market.

"Detroit's production problems are merely postponing the automotive tidal wave," the magazine commented. "What it adds up to is that a sharp upturn in new car sales—and there are indications that a groundswell is taking shape—will leave many steel consumers holding the short end of the stick—at least for fourth quarter and probably first quarter of 1957."

Iron Age also said steel producers also are worried about possible imposition of controls on plates and structurals if the proposed government program to build big oil tankers goes through. The program hinges on developments in the Suez Canal negotiations, the magazine said.

"Giving ship builders a preferred spot on plate and structural order books would aggravate a near-fantastic market situation for these two products—a situation that is forcing cutbacks in fabrication plants and serious delays in the building of schools, churches and plants," Iron Age said. "Also, it probably would lead to a clamor by other industries for defense ratings."

Marietta College Plans 2 Buildings

MARIETTA (AP)—Marietta College will break ground today for its third and fourth new buildings since 1950.

More and More Older Folk Now Getting Social Security

WASHINGTON (AP)—A basic shift is taking place in the pattern of federal and state care for older persons.

Records of the Social Security Administration showed today that more and more men and women in the older age brackets are receiving assitance in the form of Old-age and Survivors Insurance—better known as Social Security payments.

At the same time, the proportion of elderly people on state old age pension rolls is diminishing.

One Social Security administration official says the trend is expected to be accentuated by the broadening and liberalizing of the Social Security laws.

"Social security is not directly taking people of the old-age pension rolls," he explained.

"What is happening is this: More and more, as people reach the age of 65, they are eligible to receive old age and survivors benefits under the Social Security program, and thus do not go on the pension rolls. The result is, that year after year, the old-age pension rolls in most states are dwindling."

The records bear this out.

In December 1954, 388 of each 1,000 persons aged 65 or over were receiving Social Security benefits while 183 were on state old age pension rolls.

In June of this year, the number of each 1,000 getting Social Security payments had risen to 462. The number receiving old-age pensions, financed in part by the states and federal government, had dropped to 173.

Old age pension payments in recent years have ranged from $90 to $28. Maximum Social Security benefits are $108 a month for one individual, with a minimum of $30 a month.

The last Congress broadened the federal law to make widows eligible for Social Security benefits at 62, instead of 65, and also provided benefits for totally disabled persons at age 50.

In Ohio, as of last June, there were 491 Social Security holders and 119 state pensioners per 1,000 of population 65 or over.

Parker, Hornung Top List Of All-America Candidates

CHICAGO (AP)—Guard Jim Parker of Ohio State and quarterback Paul Hornung of Notre Dame top a well-balanced list of midwest All-America candidates with the football campaign reaching the halfway mark.

An eight-member area screening board had recommendations for every position. This is unusual, since usually the ball-carrying department catches most attention.

The recommendations will be weighed in the selection of the Associated Press honor team after the season closes.

Parker, 250-pound play-maker and defensive demon of the Big Ten champion Buckeyes, received solid support. But more than a dozen other linemen were cited.

These included an exceptionally fine batch of Big Ten ends—Lamar Lundy of Purdue; Ron Kramer and Tom Maentz of Michigan; Jim Gibbons of Iowa; and Dave Howard of Wisconsin.

Given strong calls at tackles were Joel Jones of Michigan State, Alex Karras of Iowa; Dick Guy of Ohio state; and Bob Hobert of Minnesota.

At the guard position, Michigan State's extremely capable Dan Currie, a 225-pounder, lined up with Parker. Unfortunately, the two won't face this season.

Listed as standout centers were John Matsko of Michigan State; Art Bloedorn, Wisconsin's sturdy sophomore; and Mike Rotunno of Michigan.

At quarterback, Notre Dame's one-man gang, Hornung, gets competition from Purdue's fine passer and field general, Len Dawson.

All-America ball-carrying candidates included Clarence Peaks and Dennis Mendyk of Michigan State, the nation's No. 1 team; Terry Barr of Michigan; Bob McKeiver, Northwestern's "little giant;" and Erich Barnes and Mel Dillard of Purdue.

The midwest board includes: George Strickler of the Chicago Tribune; John Harrington of Chicago WBBM; Dick Cullum of the Minneapolis Tribune; Si Burick of the Dayton, Ohio, News; Joe Falls, Detroit Times; Gus Schrader, Cedar Rapids, Iowa, Gazette; Gordon Graham, La Fayette, Ind., Journal Courier; and Hank McCormick, Wisconsin State Journal, Madison, Wis.

Strickler had perhaps the best first reaction of the selectors.

"The first three teams at Michigan State might be a good start," he quipped.

Harrington observed it was unfortunate Purdue's great end, 6 foot, 6 inch Lamar Lundy was being used mainly as a pass decoy for Dawson's throwing. "He could go get that ball with two or three guys around him," said Harrington.

Graham stressed that beyond their great offensive ability, Lundy and Dawson have been tremendous defensive players to date.

Falls cited halfback Barr's importance to Michigan's sharp attack. Burick had a strong vote for center Matsko of Michigan State, who received the game ball for the Spartans' 47-14 romp over Notre Dame.

Deluxe Service Offered Hunter

SUN VALLEY, Idaho (AP)—When Don Anderson, head of the sports department at this deluxe resort goes hunting, he does it in deluxe style.

He reported he shot a four-point buck deer on a ridge above nearby Trail Creek.

The deer lurched forward and rolled down the hill—stopping within three feet of the tail gate of his station wagon.

Eddie Machen Said Ready

PORTLAND, Ore. (AP) — Quick-punching Eddie Machen appears headed for a bout with Tommy (Hurricane) Jackson after his knockout of Johnny Holman in a nationally televised heavyweight fight Wednesday night.

Machen, 194½, of Redding, Calif., jabbed the slow but dangerous Holman into befuddlement for six rounds, then cut loose with a vicious barrage of punches that ended the match in 38 seconds of the seventh.

Holman, 199¾, of Chicago, crumpled into his own corner from a right hand and was counted out by Referee Eddie Volk as he tried to get up. It was the 18th consecutive victory and 14th knockout for the undefeated 24-year-old Machen, who is managed by Sid Flaherty of San Francisco.

Machen had been ranked No. 7 among the heavyweights and Holman No. 8.

Flaherty said no definite plans for a Jackson-Machen match had been made. But there was talk that it might be held in the Cow Palace at San Francisco, where Machen is a prime favorite.

Flaherty, who piloted Carl (Bobo) Olson to the middleweight title, said the Holman fight went according to plan.

"We figured to travel six, seven or eight rounds," he said. "Boxing for the opening five rounds was our aim. Eddie's going to be a boxer. In fact, he's ready now."

Machen was ahead on the cards of all three officials when the knockout came.

Don Townsend of Elizabeth, N. J. has been unbeaten in 13 cross-country meets for St. John's University of Brooklyn over the last two seasons.

Ken Sears, former Santa Clara points a game for the New York Knickerbockers against the Philadelphia Warriors during the 1955-56 season.

Eddie Arcaro, whose mounts have won more than one million dollars in each of the past 10 years, entered 1956 with 3,582 winners.

Lippy's Price Rather Steep For Cleveland

$100,000 Salary Plus Chunk of Club May Attract Durocher

NEW YORK (AP)—Leo Durocher may be an old fire hoss champin' at the big, but it'll take a four-alarmer to get him back to baseball.

All The Lip wants to fill Cleveland's managerial vacancy — if the job is offered — is a yearly salary ranging somewhere near $100,000 and a piece of the club. The Injuns, apparently, can keep the program concession.

Durocher, who retired after managing the New York Giants in 1955, says he's happy drawing a reported $100,000 a year as a television executive in Hollywood. But he announced Wednesday he'll be glad to hear a proposition from Hank Greenberg, Cleveland general manager.

The Indians need a replacement for the "resigned" Al Lopez, who pulled down a reported $40,000 a year as manager.

Greenberg, in New York on business, disclosed he and Leo had talked over the preliminaries via long-distance telephone. He'll go to the West Coast to meet with Durocher Monday.

"Durocher told me he was interested in returning to baseball," said Greenberg. "And since I certainly want to get the best man available, naturally I want to talk to him."

Said Leo: "If Greenberg has an offer, it better be a whopper."

Durocher was adamant about being allowed to hold stock in any club he would agree to manage. "Under no circumstances would I be interested in managing again unless I could buy into the club. I would never manage again just for salary."

Leo is said to receive a sarly "close to $100,000 a year" with NBC. Last summer, a friend of Greenberg and Durocher told The Associated Press he had been authorized by the Indians to offer Durocher a three-year contract at $100,000 a year.

"It would have to be something like that," said Leo, "but with a stock deal too."

Greenberg said he has "two or three other candidates" for the job, but he declined "to get into the name-mentioning phase of it."

Thus far, Kerby Farrell, who managed the Indians' Indianapolis farm in the American Assn. to the Little World Series championship this season, has been the most frequently mentioned Lopez successor.

Eddie Stanky, ousted as Minneapolis Manager in the American Assn. by the Giants, also has been mentioned for the job.

Williams, Musial Still Top Sluggers

NEW YORK (AP) — Boston's Ted Williams and Stan Musial of the St. Louis Cardinals continue to boast the highest lifetime batting averages in the major leagues.

Statistics show that Williams' lifetime mark remained at .348, while Musial's average dropped two points to .340. Williams hit .345 for the year and Musial .310.

Williams, who began his career with Boston in 1939 and then did two hitches in service, never has batted under .300. The 38-year-old outfielder has captured four league batting championships, his top mark being .406 in 1941.

Musial, 35, completing his 14th season with St. Louis, also never has finished below .300. He has played both the outfield and first base, has won six batting titles.

Injuries, Illness Hit Hard at Lions Squad

Some changes are being made in the WHS Lion lineup for Friday night's game at Gardner Park here with Eastmoor High School, Columbus.

The changes, Coach Fred Domenico said, were made necessary by injuries and illness which have hit the squad. They also are designed to put more spirit into the team, he added.

Unless there is a definite improvement from injuries, Quarterback John Bainter will be the only member of the regular backfield in action. Roger McLean, left halfback, has been out all week with a bad hip and so has his running mate at right half, Kenny Evans. Hank Anders, regular fullback, has been kept out of contact during the week's practices with a sore knee.

Right now, Domenico said, it looks like Garry Stoddard would go into the fullback spot for Anders and that Roger Shaw would replace McLean and Raney Foster would start in Evans' place.

* * *

THE LINE has suffered from the same problems. Larry Slavens probably will play a lot of the game at defensive tackle in place of Jim Lucas, who has been on the sick list this week, with Paul Cox going in on the offense. Lucas may play some, but Domenico said he was not counting on him.

The center of the line presents another problem with Dick Welch and Ronnie Dowler both out of school with illness. Bobby Scott probably will go in for them, at least part of the time, the coach said.

In spite of the long casualty list, Domenico felt "reasonably satisfied" with the boys' showing in their practice last night.

The rehearsal was divided into two sessions on defense and offense. The team units went through their special drills, both offense and defense, learning assignments for Columbus Eastmoor's tricky strategy. Eastmoor uses a "heavy line" with seven and even eight men on the forward wall at a time.

* * *

THE the coach brought the boys together in scrimmage on half-line drills. It was pretty rough, and, as the coach promised earlier in the week, there has been "no let-up" in the drive to get ready for Eastmoor.

Domenico said he's been emphasizing "Drive, drive, drive and beat the opposition to the punch."

"They should make a good showing. . . . if they do as well in the game as they've been doing in practice." The coach has his fingers crossed.

The reserves split up with the varsity boys Wednesday and went into their own signal practice in preparation for their game with Jamestown's Varsity Thursday night.

Jamestown has a 3-2 won-lost record.

This Thursday night game is being counted as the Reserves' own Homecoming Game.

Deer Hunting Unusual in Utah

PROVO, Utah (AP)—Yukus Inouye of nearby Highland was awakened from his nap by hunters' bullets whining too close to his rural home. Going to the window to warn them away, he spotted a four-point buck deer standing in his own yard, grabbed his rifle and filled his season's quota on the spot.

And Otto Reichert of Provo brought his buck back alive. He'd already shot one when he came upon a three-pointer trapped in a barbed wire fence. Freeing the animal, he brought it home with him, treated its cuts and turned it over to a game warden.

Washington Junior High 11 Wallops Wilmington, 28-6

Once again, it was the Washington Junior High school boys who did what their Varsity brothers couldn't do. They beat Wilmington 28-6, in a Junior High game here Wednesday night.

The Washington squad scored on four long runs of 30, 40 and 50 yards, with the usual rugged backfield blasts.

They sparkled on defense, too, holding Wilmington scoreless until the fourth quarter with heads-up, hard-hitting football.

This was the Junior High School squad's fourth win of the season against one loss.

* * *

DAVID RENO was back and running in the left halfback slot after a slight injury in last week's game with Hillsboro.

Reno took off for a 30-yard score in the first quarter on a reverse that faked the Wilmington 11 out of their shoes.

The other Reno score covered 40 yards when Mike Chakeres, the Juniors' deceptive quarterback, pitched out to him in the third quarter. Reno shot around right end with little interference from Wilmington.

Aaron Foster charged through the line in his bulldozer style to make the third score, this time for 40 yards again.

The big halfback scored again a few minutes later when a reverse sent him winging around left end for 50 yards.

* * *

GIL CROUSE, at fullback, made consistent drives up center for long gains, giving balance to the sweeping attack of Reno and Foster.

Extra points were scored by each of the backfield men on runs.

Defensive highlights were the interception of a lateral by Gene Pavey on Wilmington's 30-yard line, two opposition fumbles recovered by Charles Pendergraft and Ben Garringer, and generally stellar play from Bob Ellcessor, Gil Crouse, Dave Reno and Wes Wilson.

Japanese Awed By Bum Hurler

TOKYO (AP) — Japanese baseball experts had hit praise today for a 24-year-old Brooklyn Dodgers rookie-southpaw who has struck out seven of Japan's sluggers and issued only four hits and one walk in two appearances.

Big Fred Kipp, formerly with Brooklyn's farm team at Montreal, faced 23 batters in seven innings Wednesday, fanned six and gave up four hits and one pass. He blanked an All-Star Japanese team in Sendai, northern Japan before 30,000 fans.

Nobuyasu Nizuhara, pilot of the Yomiuri Giants said, "Japanese batters are able to handle the fast ball but we're still helpless against curves and a change of pace."

The Chicago Cubs have won 100 or more National League games during four of their 16 pennant winning campaigns. They last won 100 games in 1935 under Manager Charlie Grimms.

Bevo Francis Quits Playing Pro Basketball

EAST LIVERPOOL (AP) — Bevo Francis, tired of constant traveling, said Wednesday he has quit professional basketball and has taken a job in nearby Wellsville so he can spend more time with his wife and children.

The former sensational scoring ace of Rio Grande College, said he is now working at a kiln firing job for the Wellsville China Co.

He added, however, that he still likes basketball and probably will join a district team.

Bevo and Newt Oliver, his former Rio Grande coach, were paid a total of $30,000 each season for two years by Abe Saperstein, owner of the Boston Whirlwind.

Washington Junior High 11 Wallops Wilmington, 28-6

Once again, it was the Washington Junior High school boys who did what their Varsity brothers couldn't do. They beat Wilmington 28-6, in a Junior High game here Wednesday night.

The Washington squad scored on four long runs of 30, 40 and 50 yards, with the usual rugged backfield blasts.

They sparkled on defense, too, holding Wilmington scoreless until the fourth quarter with heads-up, hard - hitting football.

This was the Junior High School squad's fourth win of the season against one loss.

* * *

DAVID RENO was back and running in the left halfback slot after a slight injury in last week's game with Hillsboro.

Reno took off for a 30 - yard score in the first quarter on a reverse that faked the Wilmington 11 out of their shoes.

The other Reno score covered 40 yards when Mike Chakeres, the Juniors' deceptive quarterback, pitched out to him in the third quarter. Reno shot around right end with little interference from Wilmington.

Aaron Foster charged through the line in his bulldozer style to make the third score, this time for 40 yards again.

The big halfback scored again a few minutes later when a reverse sent him winging around left end for 50 yards.

* * *

GIL CROUSE, at fullback, made consistent drives up center for long gains, giving balance to the sweeping attack of Reno and Foster.

Extra points were scored by each of the backfield men on runs.

Defensive highlights were the interception of a lateral by Gene Pavey on Wilmington's 30 - yard line, two opposition fumbles recovered by Charles Pendergraft and Ben Garringer, and generally stellar play from Bob Ellcessor, Gil Crouse, Dave Reno and Wes Wilson.

Japanese Awed By Bum Hurler

TOKYO (AP) — Japanese baseball experts had hit praise today for a 24-year-old Brooklyn Dodgers rookie - southpaw who has struck out seven of Japan's sluggers and issued only four hits and one walk in two appearances.

Big Fred Kipp, formerly with Brooklyn's farm team at Montreal, faced 23 batters in seven innings Wednesday, fanned six and gave up four hits and one pass. He blanked an All-Star Japanese team in Sendai, northern Japan before 30,000 fans.

Nobuyasu Nizuhara, pilot of the Yomiuri Giants said, "Japanese batters are able to handle the fast ball but we're still helpless against curves and a change of pace."

The Chicago Cubs have won 100 or more National League games during four of their 16 pennant winning campaigns. They last won 100 games in 1935 under Manager Charlie Grimms.

Bevo Francis Quits Playing Pro Basketball

EAST LIVERPOOL (AP) — Bevo Francis, tired of constant traveling, said Wednesday he has quit professional basketball and has taken a job in nearby Wellsville so he can spend more time with his wife and children.

The former sensational scoring ace of Rio Grande College, said he is now working at a kiln firing job for the Wellsville China Co.

He added, however, that he still likes basketball and probably will join a district team.

Bevo and Newt Oliver, his former Rio Grande coach, were paid a total of $30,000 each season for two years by Abe Saperstein, owner of the Boston Whirlwind.

Governor Delays Execution of 2 Convicted Slayers

COLUMBUS, Ohio (AP) — Executions of two convicted murderers have been postponed so Gov. Frank J. Lausche can study their cases.

Lausche granted one reprieve Wednesday to Samual W. Tannyhill, 27, slayer of a Fremont waitress. Tannyhill had been scheduled to die in Ohio Penitentiary's electric chair Friday night. The reprieve postpones the date until Nov. 26.

Tannyhill was convicted of first degree murder in the bludgeon slaying of Shirley Bradford, 29, on May 2, 1955. He had kidnaped her after attempting to rob a Fremont tavern where she worked.

The other reprieve to Dec. 3 went to Earl Sullivan of Utica, Licking County. Sullivan was scheduled for execution in the electric chair next Nov. 2 for the murder of his estranged wife, Valeria.

Sullivan, 33, was convicted of first degree murder for the fatal shooting on Oct. 29, 1955 He claimed she shot herself.

Double Taxation Rapped by Grange

COLUMBUS, Ohio (AP)—The Ohio State Grange wound up a three-day convention here Wednesday after taking a firm stand against what it called "double taxation" of farmers.

The grange, representing 184,365 Ohio farmers, went on record as opposing:

Personal property taxes on materials used in livestock production while taxes are also levied on livestock.

Levying both property and income tax on grain stored in government loan storage.

Levies against damage payments to farmers by the Ohio Turnpike Commission and other corporations.

The savings and loan industry began in a suburb of Philadelphia in 1831.

Governor Delays Execution of 2 Convicted Slayers

COLUMBUS, Ohio (AP) — Executions of two convicted murderers have been postponed so Gov. Frank J. Lausche can study their cases.

Lausche granted one reprieve Wednesday to Samual W. Tannyhill, 27, slayer of a Fremont waitress. Tannyhill had been scheduled to die in Ohio Penitentiary's electric chair Friday night. The reprieve postpones the date until Nov. 26.

Tannyhill was convicted of first degree murder in the bludgeon slaying of Shirley Bradford, 29, on May 2, 1955. He had kidnaped her after attempting to rob a Fremont tavern where she worked.

The other reprieve to Dec. 3 went to Earl Sullivan of Utica, Licking County. Sullivan was scheduled for execution in the electric chair next Nov. 2 for the murder of his estranged wife, Valeria.

Sullivan, 33, was convicted of first degree murder for the fatal shooting on Oct. 29, 1955 He claimed she shot herself.

Double Taxation Rapped by Grange

COLUMBUS, Ohio (AP)—The Ohio State Grange wound up a three-day convention here Wednesday after taking a firm stand against what it called "double taxation" of farmers.

The grange, representing 184,365 Ohio farmers, went on record as opposing:

Personal property taxes on materials used in livestock production while taxes are also levied on livestock.

Levying both property and income tax on grain stored in government loan storage.

Levies against damage payments to farmers by the Ohio Turnpike Commission and other corporations.

The savings and loan industry began in a suburb of Philadelphia in 1831.

Bloomingburg Harvest Fete Provides Fun, $600 Profit

It was a lot of wearisome work, but the fun everybody had and the approximately $600 that was added to the Parent-Teacher Organization treasury made the Harvest Festival, held each autumn in the Bloomingburg School, well worth all the effort.

Mrs. Charles McCoy, president of the PTO and general chairman, said that while not all of the committee reports are in yet, the gross receipts of more than $1,000 indicated well over $600 would be cleared.

The entire community joined in the spirit of the evening, but it was the teachers and PTO committees who did most of the work. But they had fun, too, even during the preparations.

Food was served all evening by a committee headed by Mrs. G. H. Biddle.

There were games of all kinds in the first floor rooms of the elementary school and the cafeteria, and dancing drew its full quota of the crowd to the gymnasium.

* * *

ONE of the highlights of the evening was the pony rides. A special ring had been set up outside by Charles Andrews' committee. The braver youngsters took to the saddle, but there was a cart for the more timid and little folks. Children were lined up at 6 p. m. and kept weary parents busy until after the regular closing time.

The talent show, for which elimination tryouts had been held previously, was held in the auditorium. It was presented in two divisions, one for the pupils in the elementary grades and one for high school students. The committee was Mrs. Harry Craig and Robert Sabin, the music teacher. Mrs. Elton Elliott, another member of the committee, was mistress of ceremonies. The judges were Mrs. Ed Fite and Miss Gladys Melson of Washington C. H. and John McCrane of the Wilmington College music department. The auditorium was packed for each performance.

Since the talent show was in the form of a contest, awards were presented in the junior division to first place winners Penny and Carol Noble who presented a vocal duet and ballet; second place went to Wayne Looke for a piano solo; third place winners were Patty Cannon, Janet McCoy and Joyce Cannon, a vocal trio, and fourth to Jackie and Anita Green for a vocal duet.

* * *

IN THE SENIOR division first place ended in a tie between Beverly and Sandra Evans who gave a musical reading, and Nancy Barton and Ann Evans for a dance. Second place went to Alice, Anne and David Craig an instrumental trio; third place was taken by Forrest Leach with a harmonica solo and fourth place was won by Betty Moberly and Lorraine Smith doing a pantomine.

Music at the conclusion of both shows was furnished by Bloomingburg Star Fashionettes 4-H winners in the 1956 Fayette County talent contest and second place winners in the tenth district contest.

Members of the 4-H Club taking part are: Sopranos: Gloria Cleland, Ann Evans, Beverly Evans, Sandra Evans, Dorothy Fortier, Kay Heistand, Janet McConnaughey, Betty Merideth, Linda Parrett, Wanda Paul, Wilma Seymour and Glenna Watkins.

Second Sopranos: Donna Chrisman, Mary Cook, Donna Mossbarger, Nancy Nessell, Marilyn Rhoades and Lorraine Smith.

Altos: Alice Craig, Judy McFadden and Betty Lou Moberly. The accompanist was Anne Craig. Preshow publicity was under the direction of Kenny Anderson and Wayne Cowdery.

Police Checking Vandalism Report

Police were notified shortly after midnight Wednesday that someone had fired two shots into the Stitt Greenhouses, Lewis Rd., and immediately started search for the gun users.

It was first reported by Charles Lindsay, nightwatchman, that one of the bullets had struck near him.

After two stones were found in the greenhouses Thursday morning, it was decided that rocks had been thrown through the glass and that no bullets had been fired.

The objects had penetrated the glass 30 feet apart, and came from a rapidly moving automobile, Lindsay said.

Seven Drivers Face Charges of Speeding

Seven alleged speeders were rounded up here, Wednesday on Columbus Ave., where the rate of speed shown on the electric clock ran from 45 miles per hour to 53 miles per hour, in a 35-mile zone.

Defendants and the bonds posted are:

Robert F. Bauer, 41, Cincinnati, $20; Clarence E. Freshour, 74, Dayton, $30; Donald McGowan, 42, Hillsboro, $30; David McCoppock, 25, city, $20;

Herman O. Wilkins, 68, Hillsboro, $20. Elton Taylor, 47, city, $20. Carlos L. Joslin, Mt. Sterling, R. D. $15.

John R. Bick, 59, E. Market St., faces a charge of removing a barrier and driving over newly laid hot mix on Circle Ave.

Father Receives Prison Sentence

Carl J. Roberts, of eastern Fayette County whom a jury recently found guilty on three charges of failure to provide for his minor children, drew one to three years in the Ohio Penitentiary on each of the three charges, Thursday morning, when he appeared before Judge John P. Case.

Motion for a new trial was overruled by Judge Case, and sentence was passed. Roberts had been in court previously on similar charges.

The three terms in the penitentiary are to run concurrently.

The food industry used 41 per cent of all glass containers manufactured in the U. S. last year.

Phone Strike Negotiations Recessed; No Progress Seen

COLUMBUS (AP)—Negotiations in the strike against Ohio Consolidated Telephone Co., in its 103rd day today, have been recessed again without progress toward a settlement.

A company spokesman said there were no plans to resume talks with the striking Communications Workers of America (CWA) before next week unless either side comes forward with a new proposal for a negotiating session is requested by federal mediators.

Bargaining talks were resumed Tuesday after a 13-day lapse and recessed again at the conclusion of Wednesday's session.

The spokesman said the talks were confined on both sides to restatements of position. No progress was made toward settling the 16 issues, mostly involving working conditions, that block agreement on a new company-union contract.

Meanwhile, a Portsmouth citizens committee, irked by the 10-day telephone blackout in that city, presented Gov. Frank J. Lausche with a list of recommendations. They included proposed legislation forbidding strikes in utilities and "requiring arbitration as final settlement of unresolved labor-management disputes in public utilities."

* * *

THE GROUP, a fact-finding arm of the Voluntary Citizens Committee for Law Enforcement (VCCLE) also recommended that a special session of the Legislature be called to consider the proposed laws if there is not a "speedy resumption of telephone service" in Portsmouth.

Ohio Consolidated exchanges in Portsmouth and surrounding Scioto County were closed after a group of some 500 persons stoned company installations in Portsmouth and neighboring New Boston on the night of Oct. 15.

Some 17,000 Ohio Consolidated subscribers, mostly in Portsmouth and Scioto County, are without telephone service. The company has about 58,000 customers in parts of 24 Ohio counties.

Another recommendation of the Portsmouth group would have the state utilities commission "exercise all legal means within its authority and control to restore telephone service, even if limited, to our community."

The commission scheduled a meeting today with union officials to try to get contract negotiations off "dead center." A similar meeting with company officials was held Tuesday.

Asked what further steps the commission could take, Chairman Robert Moulton said:

"We are considering another move, but we are not at liberty to disclose it now."

The citizens group also asked the state industrial commission to make public as soon as possible its findings in the strike.

The industrial commission last week held a fact-finding hearing in the dispute. The company boycotted the hearing on grounds that it violated its collective bargaining rights. However, union representatives gave testimony.

The industrial commission's chief legal officer, Homer H. Hickling, began preparing his report Wednesday. He said he plans to make recommendations to the commission.

COUNCIL referred to its Safety-Service Committee and Police Chief Vaiden Long the matter of congestion in certain downtown alleys and traffic problems at alley entrances or exits. Several councilmen indicated that the situation might be alleviated by establishing one-way traffic in some of these alleys, especially those opening into Court St.

The body decided to make a more detailed study before taking any action on a Jaycees' request that Council sell the organization 14 trash cans at downtown intersections. The Jaycees offered to maintain and replace the cans when necessary for the privilege of selling advertising to be painted on them.

Cops again Plan Carrying Billys

HOUSTON, Tex. (AP) — Houston police are going to get their nightsticks back. Chief Carl Shuptrine said he is requesting purchase of 55 billys for patrolmen and any other officers who feel they need them. Houston police have not used night sticks since World War II, when most of the supply was issued to the home defense guard.

Tuesday, Oct. 30, Trick-Treat Night

"Trick or treat" night which has become a recognized part of Halloween activities, will be a "one night" affair here on Tuesday, Oct. 30.

The announcement was made today by City Manager James F. Parkinson and Chief of Police Vaiden Long, after a check of other community activities was made by the officials.

Andersen Retires After 38 Years With Consolidated

Andrew S. Andersen, for more than 38 years manager of the Consolidated Products Co. which processed buttermilk products from the Sunlight Creameries and later the Cudahy Packing Corp. plant here, has retired. A. C. Prouty, of Columbus, has taken the post as manager.

Andersen had managed the plant since the big creamery was established here, and the work of marketing the semi-solid buttermilk was started.

Andersen will continue to reside here at 628 E. Temple St.

Beer-Wine Permit Issued to Lucases

A C-2 permit, for the sale of high-powered beer and wine for off-premise consumption has been issued by the Ohio Department of Liquor Control to William Lucas Sr. and William Lucas Jr., doing business as the Town and Country Market on Route 22 in Union Township.

The permit, one of 74 issued by the department this week, was granted on the basis of an application filed Sept. 2.

Hymn Sing Scheduled Sunday At White Oak Grove Church

Preparations have been completed by the Methodist Youth Fellowship groups of the Buena Vista and White Oak Grove Churches for an evening of hymn singing which the sponsors hope will prove an outstanding evert throughout this area.

The program is to take place at 7 p. m. Sunday at the White Oak Grove Church and will be under direction of Mr. and Mrs. Roy Wipert.

The public is invited to participate, and many of the churches in the entire area extending into other counties have indicated they will send groups to take part. There will be singing of old favorite hymns and other types of religious music as requested.

The leaders responsible for this gathering say they have promises of assistance from visiting choirs, quartets, duet and solo singers as well as musicians who will furnish instrumental music. Any church is invited to attend and bring special musical numbers.

White Oak Grove Church has a new organ, and the sponsors hope the church will be filled to capacity. Any persons celebrating any special event are asked to come and let others help them celebrate.

A social hour in the church basement will follow the regular program, and light refreshments will be served.

Grandmother, 33, Awaiting Stork

MIAMI, Fla. (AP) — Mrs. Hazel Parker, who became a grandmother last week at 33, has entered the hospital for the birth of what her doctor thinks will be twins.

Her 17-year-old daughter, Mrs. Ima Jean Kilpatrick, is still in the hospital with her daughter born Oct. 19.

And Mrs. Parker's second husband Elmer, has this to ponder: As Ima Jean's stepfather, he became a grandfather before he was a father.

Phone Strike Negotiations Recessed; No Progress Seen

COLUMBUS (AP)—Negotiations in the strike against Ohio Consolidated Telephone Co., in its 103rd day today, have been recessed again without progress toward a settlement.

A company spokesman said there were no plans to resume talks with the striking Communications Workers of America (CWA) before next week unless either side comes forward with a new proposal for a negotiating session is requested by federal mediators.

Bargaining talks were resumed Tuesday after a 13-day lapse and recessed again at the conclusion of Wednesday's session.

The spokesman said the talks were confined on both sides to restatements of position. No progress was made toward settling the 16 issues, mostly involving working conditions, that block agreement on a new company-union contract.

Meanwhile, a Portsmouth citizens committee, irked by the 10-day telephone blackout in that city, presented Gov. Frank J. Lausche with a list of recommendations. They included proposed legislation forbidding strikes in utilities and "requiring arbitration as final settlement of unresolved labor-management disputes in public utilities."

THE GROUP, a fact-finding arm of the Voluntary Citizens Committee for Law Enforcement (VCCLE) also recommended that a special session of the Legislature be called to consider the proposed laws if there is not a "speedy resumption of telephone service" in Portsmouth.

Ohio Consolidated exchanges in Portsmouth and surrounding Scioto County were closed after a group of some 500 persons stoned company installations in Portsmouth and neighboring New Boston on the night of Oct. 15.

Some 17,000 Ohio Consolidated subscribers, mostly in Portsmouth and Scioto County, are without telephone service. The company has about 58,000 customers in parts of 24 Ohio counties.

Another recommeadation of the Portsmouth group would have the state utilities commission "exercise all legal means within its authority and control to restore telephone service, even if limited, to our community."

The commission scheduled a meeting today with union officials to try to get contract negotiations off "dead center." A similar meeting with company officials was held Tuesday.

Asked what further steps the commission could take, Chairman Robert Moulton said:

"We are considering another move, but we are not at liberty to disclose it now."

The citizens group also asked the state industrial commission to make public as soon as possible its findings in the strike.

The industrial commission last week held a fact-finding hearing in the dispute. The company boycotted the hearing on grounds that it violated its collective bargaining rights. However, union representatives gave testimony.

The industrial commission's chief legal officer, Homer H. Hickling, began preparing his report Wednesday. He said he plans to make recommendations to the commission.

The announcement was made today by City Manager James F. Parkinson and Chief of Police Vaiden Long, after a check of other community activities was made by the officials.

Andersen Retires After 38 Years With Consolidated

Andrew S. Andersen, for more than 38 years manager of the Consolidated Products Co. which processed buttermilk products from the Sunlight Creameries and later the Cudahy Packing Corp. plant here, has retired. A. C. Prouty, of Columbus, has taken the post as manager.

Andersen had managed the plant since the big creamery was established here, and the work of marketing the semi-solid buttermilk was started.

Andersen will continue to reside here at 628 E. Temple St.

Beer-Wine Permit Issued to Lucases

A C-2 permit, for the sale of high-powered beer and wine for off-premise consumption has been issued by the Ohio Department of Liquor Control to William Lucas Sr. and William Lucas Jr., doing business as the Town and Country Market on Route 22 in Union Township.

The permit, one of 74 issued by the department this week, was granted on the basis of an application filed Sept. 2.

Hymn Sing Scheduled Sunday At White Oak Grove Church

Preparations have been completed by the Methodist Youth Fellowship groups of the Buena Vista and White Oak Grove Churches for an evening of hymn singing which the sponsors hope will prove an outstanding evert throughout this area.

The program is to take place at 7 p. m. Sunday at the White Oak Grove Church and will be under direction of Mr. and Mrs. Roy Wipert.

The public is invited to participate, and many of the churches in the entire area extending into other counties have indicated they will send groups to take part. There will be singing of old favorite hymns and other types of religious music as requested.

The leaders responsible for this gathering say they have promises of assistance from visiting choirs, quartets, duet and solo singers as well as musicians who will furnish instrumental music. Any church is invited to attend and bring special musical numbers.

White Oak Grove Church has a new organ, and the sponsors hope the church will be filled to capacity. Any persons celebrating any special event are asked to come and let others help them celebrate.

A social hour in the church basement will follow the regular program, and light refreshments will be served.

Grandmother, 33, Awaiting Stork

MIAMI, Fla. (AP) — Mrs. Hazel Parker, who became a grandmother last week at 33, has entered the hospital for the birth of what her doctor thinks will be twins.

Her 17-year-old daughter, Mrs. Ima Jean Kilpatrick, is still in the hospital with her daughter born Oct. 19.

And Mrs. Parker's second husband Elmer, has this to ponder: As Ima Jean's stepfather, he became a grandfather before he was a father.

*LOSE A POUND A DAY...
FOR 14 DAYS Without Suffering Hunger Pangs Or Loss Of Energy!
To reduce we must eat less (fewer calories) and when we do, we may feel the uncomfortable, almost painful pangs of hunger. We may also become nervous and irritable because of the lack of sufficient vitamins and minerals in a restricted diet. With Kessamin Tablets, Formula #14, and the Kessamin Reducing Plan this can never happen!

With the Kessamin reducing plan the only thing you can lose is weight!
SEE WHAT THE KESSAMIN REDUCING PLAN OFFERS!
1. A reducing diet (The Kessamin Booklet) prepared by a physician and a dietician to give best possible diet.
2. Vitamins to prevent deficiencies which cause nervousness, irritability and that tired, dragged-out feeling. Also supplemental minerals and iron to help prevent nutritional anemia.
3. Vitamins plus the bulk, Carboxy Methylcellulose, to stimulate normal intestinal elimination.
4. The "hunger control" factor, Carboxy Methylcellulose, to reduce hunger if taken according to directions.
*See your druggist. The complete Kessamin Reducing Plan is in every package of Kessamin Tablets, Formula #14! THE KESSAMIN REDUCING PLAN IS GUARANTEED TO TAKE OFF A POUND A DAY FOR 14 DAYS OR YOUR MONEY BACK! TRY IT!
